CHURCH BELL GOES MODERN

When the bell rope broke at St. Raphael's Church, San Rafael, it was decided to install electrically-driven hammers to strike the 1859 bell. Installation work began Saturday and the bell is expected to start ringing again tomorrow. In picture below installer Frank Milani and his father, Bert, both of San Jose, prepare one of two motors for its ride to the top. Above, Charles Verdin of the I. T. Verdin Co. of Cincinnati, which made the equipment, guides the motor to the tower. Hammers will automatically sound the Angelus and Sunday mass schedule and will toll the bell for funerals. FOREIGN STUDENTS GET 'WORD' FROM TRUSTEE

The nine foreign exchange students in the Tamalpais High School District got a lesson in the Welsh language from district trustee Edmund J. Thomas last night at the trustees meeting.

Thomas welcomed them to the meeting and passed out sheets with Welsh numbers and words, then proceeded to hold class. Spanish, Dutch and German speaking students tried their luck with Welsh pronunciation.

But Thomas took top honors, when, to the ringing applause of students and fellow trustees, he pronounced the name of the Welsh town which is spelled:

Llanfairpwllgwyngyllgogerychwyrndrobwlllllantysiliogogogoch.

LBJ Asks Repeal Of T-H Section

Wide Pay Coverage Is Sought

WASHINGTON (AP) — President Johnson urged Congress today to repeal Section 14B of the Taft-Hartley Act and thus wipe out right-to-work laws in 19 states.

Johnson also asked Congress to extend minimum wage coverage to an additional 4.5 million workers. He did not recommend an increase in the present federal minimum of $1.25 an hour, a major goal of labor leaders.

HOW MUCH?

"The question is not whether the minimum wage should be increased but when and by how much," Johnson said in his labor message to Congress.

"The Congress should consider carefully the effects of higher minimum wage rates on the incomes of those employed, and also on costs and prices, and on job opportunities — particularly for the flood of teen-agers now entering our labor force."

Johnson also recommended legislation to discourage overtime work in order to spread employment by boosting the overtime pay requirements from time and one-half to double time.

DOUBLE PAY

While Johnson's message did not spell out the details, accompanying legislation would require double time pay only after 48 hours of work in a given week. This would drop one hour a week over a three-year period to 45 hours a week for workers now covered by the law.

The double time provision apparently would not apply to the 4.5 million additional workers which the legislation seeks to bring under provisions of present law.

The additional workers to be covered by the $1.25 minimum wage and the present time and one-half for overtime past 40 hours a week would be largely in retail trade, laundries and dry cleaning establishments, hotel, motels, and restaurants, hospitals and some other industries.

SAN RAFAEL CITY HALL JOB IS LET

Firm's Bid Of $1,031,800 Accepted; Work Slated To Start Within 12 Days

Wright and Oretsky of Santa Rosa will build San Rafael's new city hall, starting work within 12 days.

The city council last night awarded the Santa Rosa firm, low bidder among five on the job, a contract at its base bid of $1,031,800, including site work, plus $2,300 for a faster elevator than provided in the original specifications.

The council left undecided whether to put carpeting throughout the building at an additional $15,500 cost. This is to be decided at the June 7 council meeting, when City Mgr. Dan E. Andersen was instructed to be ready with data on comparative cost of upkeep of carpeted and tiled floors.

Also left open was whether Wright and Oretsky's contract will include cabinet work, or whether that will be purchased from San Quentin Prison. Ben Oretsky of the contracting firm said it would be agreeable to delete the cabinet work from the contract, adjusting the total accordingly, if the city decides to buy from the prison.

The council rejected a proposed alternate of titanalloy "eyebrows" over the windows instead of copper, although it would cost slightly less. Carl F. Gromme, spokesman for San Rafael Architects Associated, who designed the building, recommended copper.

Councilman Charles W. Aby urged carpeting throughout, and moved it be included. The motion was seconded by Councilman Harry A. Barbier. However, Robert W. F. Severin, one of the associated architects, suggested that decision on the carpeting could be held up until next meeting to allow time for presentation of convicing data on its superiority. Agreeing to this, Aby withdrew his motion.

Asked if there would be any "probable extras" beyond the contract price, architect Grom-

Dominican Junta Rejects Peace Plan

COMBINED AP & UPI

SANTO DOMINGO — The Dominican junta today poised the threat of an all-out drive against the rebels after rejecting a new peace plan offered by Washington.

As the junta sent tanks and fresh troops with mortars and artillery against rebel holdouts in northern Santo Domingo, Foreign Minister Horacio Viciosa warned that all resistance would be crushed unless the insurgents drop their "absurd and unacceptable pretensions."

The junta president, Brig. Gen. Antonio Imbert Barrera, rejected a U.S. proposal reportedly calling for a coalition, saying it would open the way to a Communist takeover.

Reports circulated today the United States is seeking to oust General Imbert as head of the Dominican junta government.

The reports, which were not confirmed, said Imbert would be replaced by Antonio Guzman, a former agriculture minister in the cabinet of ousted President Juan Bosch. Imbert was said to be vigorously opposing his ouster.

Another unconfirmed report said the Organization of American States (OAS) would sponsor formation of an entire new junta government to replace that of Imbert, also with Guzman at its head.

In Washington, it was reported that President Johnson, operating in extraordinary secrecy, sent a high-level mission to the Dominican Republic last weekend. Its evident three-fold objective: to end the civil war, bring dissident elements into a provisional coalition government and keep Communists from gaining control.

U.S. officials tried to keep the mission's presence in Santo Domingo a secret, and once the secret was out both the White House and the State Department remained tight - lipped about its purposes.

The mission is composed of McGeorge Bundy, a presidential assistant on national security affairs; Thomas C. Mann, undersecretary of state; Cyrus R. Vance, undersecretary of defense, and Jack H. Vaughn, assistant secretary of state for inter-American affairs. They have been the President's chief advisers since the Dominican crisis erupted April 24.

The reports conincided with disclosure a paratroop unit last night fired on and destroyed a rebel tank shelling American positions at the Duart Bridge, on the east bank of the Ozama River.

The Army briefing officer reported 45 cease-fire violations up to midnight last night, 23 of

West Marin Plan Comes Under Fire

By RICHARD LYTTLE

The West Marin Master Plan, before the county planners for its first public hearing yesterday, came under considerable tempered criticism.

Nearly everyone who wrote or spoke led off with general praise and concluded with specific complaint.

Drawing most discussion were road location, density of residential development in relation to sewer requirements, and commercial sites.

The Tomales Bay Assn., over the signature of president Gibbs H. Lawson, wrote strongly against locating Shoreline Highway along the shore of Tomales Bay.

A ridge route would be far more scenic and would not block access to the shoreline, Lawson wrote. Through traffic on the shore would destroy the chances for small communities and encourage strip zoning, the letter said.

The association also opposed filling the south end of the bay because of the consequent loss of natural beauty, urged development of Point Reyes Station and Tomales as commercial centers, and declared the plan over-emphasizes tourism.

RIO DE JANEIRO, Brazil (AP) — Police found a time bomb in a garden adjoining the U. S. Embassy early today shortly before it was set to explode. A police spokesman said there were no clues as to who had placed it beside the embassy.

School Board Backs Corporal Punishment

By FRANK FARRARA

West Marin School District trustees last night backed spanking as a suitable disciplinary measure.

"As far as punishment, the teacher has the authority, if it's applied by hand on the backside," trustee Gus Kovats said.

"We gave the superintendent authority for corporal punishment, spanking," said trustee Charles Reilley.

Their comments came after a three-hour session on discipline, part of it an open session before about 35 person, and part of it a closed session with four mothers.

The board received a petition signed by nine parents charging a "lack of restraint," both verbal and physical, by some faculty members in handling discipline problems.

Petitioners also said the handling of discipline was "deteriorating the atmosphere of classroom and playground." They asked that a committee be formed to investigate.

The board also received two letters from parents complaining about discipline. One said her child was called stupid and another said her child was struck alongside the ear and "treated in a rude and abusive manner."

After the closed session, Dr. Gordon Plattes, board chairman, said he felt "the punishments have not been excessive or drastic."

He said "some constructive criticism was made, and the board will take it to heart."

Perhaps the superintendent "didn't lend an ear, but his ears are going to be more sympathetic in the future," Plattes said.

He said ridicule should be kept to a minimum and if there are cases of ridicule, they will be studied by the board.

Board members said that if parents are unhappy about disciplining they could confer with Supt. Howard F. Brose, and then if still unhappy, go to the board.

The board also asked Brose to have absences recorded on report cards, since absenteeism is a factor in discipline problems.

If the parents listen only to the child's version, "we can't have discipline," Brose said.

Plattes said there are "perhaps 25 times a year" when a pupil is spanked.

Gov. Brown Opposes U.C. Investigation

SACRAMENTO (UPI)— Gov. Edmund G. Brown today said that he opposed a legislative investigation of the University of California.

But the governor said that a decision to investigate belonged to the legislature and that he would not interfere.

Brown said that the FBI had given him its confidential files covering Communist involvement in the Berkeley demonstrations last year. He said he had given the files to the attorney general and to the Byrne Committee, whose report on the demonstrations was released last week.

Brown said the files showed that "some Communists" were involved, but said that he agreed with the Byrne Committee's belief that to blame the demonstrations on Communist activity would be a mistake.

U.S. Resumes N. Viet Nam Raids As Peace Bids Fail

SAIGON (UPI) — Thirty U.S. bombers today resumed the air attacks against North Viet Nam after a five-day lull. A petroleum depot was the target.

An American military spokesman reported "severe damage" to the oil depot at Phu Qui about 125 miles south of the North Vietnamese capital of Hanoi.

He said the depot was left burning under the impact of 25 tons of bombs, rockets and "bullpup" guided missiles.

In Washington officials said the United States decided to resume air attacks on North Viet Nam after the Hanoi government failed to accept President Johnson's public and private appeals to talk peace, administration officials said today.

The United States had hoped the President's speech six days

Leydecker Rips Jury Opinion

Marin County Supervisor Byron W. Leydecker charged today that the county grand jury was in error in criticizing county purchase and dollor-a-year leaseback of the St. Hilary's wildflower preserve.

"The grand jury, of course, is entitled to its opinion no matter how erroneous it might be," Leydecker said.

Board chairman Peter H. Behr said he agreed but would not state it quite so strongly.

The grand jury after a study criticized the board for the purchase of the land and its lease to Belvedere-Tiburon landmarks society at a dollar a year.

Hoover Links Reds To U. C. Fuss

WASHINGTON (AP) — The president of Brooklyn College and the authors of a best-seller about communism were to testify today before a Senate internal security subcommittee.

Listed as witnesses were Dr. Harry D. Gideones, Brooklyn's president, and Harry and Bonaro Overstreet, authors of "What You Shoud Know About Communism." The Overstreets are former resident of Mill Valley.

The subcommittee, which says it is looking into Communist influence among youth and youth groups, was told yesterday that Communists dominated student demonstrations last fall and winter at the University of California.

The testimony was given by Charles E. Moore, public relations director of the International Association of Chiefs of Police, who said he spent a week in California investigating student disorders on the Berkeley campus.

The operation, he said, was "dominated by a small hard core group" of Communists and Communist sympathizers who generated new demands on the university's administration as fast as "the university yielded or surrendered at every turn" to other demnads.

At the same time, a House appropriations subcommittee released testimony given March 4 by J. Edgar Hoover in which the FBI director said individuals with subversive backgrounds who participated in the Berkeley demonstrations included five faculty members and 38 students or other persons connected with the university.

A transcript of Hoover's testimony made public last night quoted him as saying that the incidents on the Berkeley campus were an example of "a demonstration which, while not Communist originated or controlled, has been exploited by a few Communists for their own ends."

"In this instance," he said, "a few hundred students contain within their ranks a handful of Communists that mislead, confuse and bewilder a great many students to their own detriment.

"Communist Party leaders feel that based on what happened on the campus of the University of California at Berkeley, they can exploit similar student demonstrations to their own benefit in the future."

Hoover noted that Mario Savio, spokesman for the Free Speech Movement and the demonstrators on the Berkeley campus, made a tour of Midwestern and Eastern campuses accompanied by Bettina Aptheker, daughter of Herbert Aptheker whom Hoover identified as a member of the National Committee of the Communist Party.

Betina Aptheker, he said, is a member of the W. E. B. Du Bois Club of Berkeley. The FBI chief said the Du Bois Club is a Marxist-oriented youth organization founded last summer in San Francisco.

Moore said that Herbert Aptheker, whom he cited as an "avowed Communist functionary," was "behind" Savio. And the one-time FBI special agent said the Du Bois clubs were "an obvious Communist apparatus."

The subcommittee also heard from Stefan Possony, director of international studies at the Hoover Institute at Stanford University in Palo Alto. He said the Communists had made such student demonstrations a "spectator sport" and that "we must expect that this is going to continue."

The Berkeley demonstrations were instigated by the Free Speech Movement which demanded virtually unlimited campus freedom to espouse such causes as civil rights. The school had limited such activity.

Civil Rights Cost Put At $740,000

WASHINGTON (UPI) — The FBI has spent more than $740,000 in its attempts to bring the killers of three civil rights workers in Mississippi last year to justice.

The costs of investigations into the Mississippi killings and other outbreaks of violence against the civil rights movement were contained in testimony by FBI chief J. Edgar Hoover before a House appropriations subcommittee.

The testimony, released yesterday, contained these other points:

Hoover opposed former Atty. Gen. Robert F. Kennedy's decision to let mobster Joseph Valachi testify publicly about organized crime on the ground that it would be wiser to investigate the information privately.

Hoover said that President F. Kennedy's assassin, Lee Harvey Oswald, never would have been murdered if there had been a federal law covering attacks on a president or vice president. Federal jurisdiction would have prevented "the episode in Dallas following the assassination" from taking place.

Some corrupt parole officers have been in the pay of the Cosa Nostra crime syndicate. Hoover also said that in some instances courts have been "too lenient" in sentencing repeat offenders.

Hoover's testimony was made in connection with his request for money to hire 418 more agents and 389 other new employes for his enforcement agency. He said that civil rights violence and other special assignments had placed "extraordinary demands" on FBI manpower and resources.

Hoover said the Mississippi investigation of the murders of Michael Schwerner, Andrew Goodman and James Chaney last summer required the assignment of up to 258 agents. By Jan. 2, 1965, the costs of the case had risen to $740,835.

Hoover said the nationwide increase in crime, stepped up activities by the U.S. Communist party, continued espionage efforts by Communist countires and other new responsibilities placed on the FBI by Congress, such as the 1964 civil rights law, brought on the need for new personnel.

'Love Feast' Smooths Demo Tax Problem

SACRAMENTO (AP) — Gov. Brown, fresh from a "love feast" with Democratic assemblymen ired over his new tax policies, went back to work today repairing a battered fiscal program.

It took 2½ hours of earnest conversation Monday for the Democratic governor to persuade Assemblyman Alfred E. Alquist, D-San Jose, to put hard feelings aside and once again take up Brown's tax bills.

"I will still carry the bills," Alquist told newsmen. "We put the welfare of the state ... above personal differences."

"We had a love feast," said Brown of his meeting with Alquist and seven other assemblymen. "It was very enjoyable."

Among them were Assembly Speaker Jesse M. Unruh, D-Los Angeles, and Assemblyman Nicholas C. Petris, D-Oakland, who say their $1.10 billion package of $360 million in tax increases and $740 million in property tax reductions was badly damaged by Brown's sudden announcement he was trimming his own revenue requests. Unruh and Petris insist tax reforms and increases must be a single bill.

Brown, on the other hand, now says $132 million in cigarette and other tobacco taxes will finance his 1965-66 spending program.

Later, the $4.03 billion budget that Brown says must be balanced by the new taxes was given its first screening by the full Assembly Ways and Means Committee—and came out $796,000 lower.

Ways and Means is expected to make more cuts during the week, clearing the way for a committee vote by Friday. The Senate Finance Committee will vote on its version of the budget next week.

Countywide Unification Hearing Due

The Marin County Committee on School District Organization tomorrow is slated to give further consideration to county-wide unification.

The move to make one huge school district which would absorb all existing districts in the county was put forth by residents of the West Marin School District as a means of solving the Tomales High School unification problem.

The committee meeting will begin at 8 p.m. in the curriculum laboratory of the county superintendent of schools office at the Civic Center.

Also on the agenda is a preview of the reasons for the recent denial of Tomales unification by the State Board of Education.

The committee is also slated to consider replacements for Robert E. Rogers and Earl G. Marshall, who have resigned from the committee.

Mentally Retarded Reform Measures Clear Committee

SACRAMENTO (AP)—Treating mentally retarded Californians close to home rather than in far-away big hospitals is a key part of a reform in state programs approved by an Assembly committee.

Two measures cleared yesterday by the public health committee would cost $1.55 million annually, according to their sponsor, Assemblyman Jerome R. Waldie, D-Antioch.

Gov. Brown has provided for the money in his budget. Main aim of the overhaul is to set up regional centers where retarded persons could be treated closer to home. Or, they could be put in private facilities, also near their families.

At present, only state hospitals provide state aid for the retarded. This is long term, and the waiting list is lengthy, Waldie said.

Under his measure, parents could decide whether to send their children to the hospitals or keep them closer to home.

Mrs. Gordon Drummond of Los Gatos, who said she has a retarded 19-year-old in Porterville State Hospital, questioned whether parents could send their children to state hospitals under Waldie's proposal.

"This bill was written on the premise that private care is cheaper and the state can save money," she contended.

Assemblyman Clair Burgener, R-San Diego, replied that "We're going to have to build more hospitals for the retarded."

Bolivia Junta Taking Action

LA PAZ, Bolivia (AP) — Bolivia's military junta ordered a crackdown today on mounting workers' protests against the exile of leftist labor leader Juan Lechin.

After a day of bloody rioting and a general strike in La Paz, the junta declared a state of siege and ordered a general mobilization of all males 19 to 50. The move evidently was designed to put the men under military law.

The junta also declared all labor union posts vacant and said they would be filled by union elections to be held within 40 days.

Humphrey Guarded In Dallas

DALLAS (UPI)—With the reminder of a nation's tragedy forever etched on their minds, members of the Secret Service enforced the tightest security measures possible yesterday to protect Vice President Hubert Humphrey.

They were the most severe precautions taken since President Kennedy's assassination a year and a half ago. Secrecy shrouded the security plans.

Humphrey came to Dallas to speak to a select group of 100 persons, members of the "President's Club."

Humphrey's route which was finally used was flashed to city police by code only minutes before the vice president actually climbed into his car.

Another Pole Defects To West

BERLIN (UPI)—The 19-year-old son of a Polish diplomat stationed in East Berlin has asked for political asylum in the United States, it was announced today. It was the second case of a Polish defector in Germany within two weeks.

A U.S. spokesman identified the youth as Marek Radonski, the son of an attache at the Polish embassy in East Berlin, and said he crossed the U.S. Army's Checkpoint Charlie in Berlin on May 5.

He has been flown into West Germany.

On Sunday, Wladyslaw Tykocinski, the head of the Polish military mission in West Berlin, defected to an American Army sergeant.

Mill Valley Budget Plan Up $215,596

City of Mill Valley's budget for fiscal 1966 is expected to increase $215,596 over that of the current year.

Proposed budget is $1,831,887. Current budget is $1,616,291.

Tax rate, now $2.30 per $100 assessed valuation, has not been estimated for fiscal 1966 and will not be until the city receives new assessed valuation figures, said City Mgr. Bert A. Balmer.

The budget was delivered last night to city councilmen and the council set discussions for May 24 at 8 p.m. at the municipal golf and club house and May 26 at 8 p.m. at the city hall.

Major increase in the budget is for proposed capital improvements. They include: a public safety building to initially include only a second fire station, $60,000; Sycamore Avenue extension, $17,000; small craft harbor, $268,600 (state loan money) and overlay on East Blithedale Avenue from Elm Avenue to Camino Alto, $12,600. A $210,000 item is for widening East Blithedale Avenue, but the council decided against this last night.

Also proposed is $4,000 for city hall renovation; $2,800 for sewage treatment plant improvements; $10,000 each for park improvements and golf course improvements; $6,800 for sewer improvements, and $7,700 for drainage improvements.

Capital improvements, which include state loan money, sales and gas tax moneys, total $767,500.

Salaries, now representing $521,000 of the budget, will go to $563,000, or a $47,000 increase.

Balmer recommended salary adjustments for 25 positions, including a raise from $613 to $623 for fireman, $628 to $655 for police patrolman; $862 to $905 for police chief, $862 to $883 for fire chief, and $950 to $1,023 for planning director.

The Mill Valley Employees Assn. has requested a 12 and one-half per cent increase across the board plus three fringe benefits.

Balmer recommended that employees be granted the first fringe benefit to allow for equal time off when a holiday falls on Saturday and that the city purchase life insurance for all employees. However, he opposed a third request, that employees be given four weeks vacation after 15 years service.

He recommended addition of six employees. A patrolman, a maintenance man for streets and sewers, a groundsman in park department, a park and recreation director to head the department, a custodian to take care of clubhouse, community center and city hall, and a temporary planning assistant for the "701 program."

Under the proposed insurance fringe benefit, Balmer recommended a $5,000 life insurance policy plus $5,000 additional for accidental death, to cost about $211 a month for 65 employees.

Phone Company Tax Plan Killed

SACRAMENTO (AP) — Legislation to levy a one per cent tax on telephone company revenues has been killed by a Senate committee.

The Senate Revenue and Taxation Committee turned down by voice vote yesterday a constitutional amendment by Sen. Thomas Rees, D-Los Angeles, which would have imposed such a tax.

The tax would have been in lieu of other charges, tolls or fees levied by cities or counties with the exception of property and sales taxes. Rees said it would have raised $10 million a year.

Tax Protest Group Slates 2nd Meeting

A Tiburon Peninsula group calling itself "CUT" for "Correct Unfair Taxation," will hold its second meeting at 8 p.m. today at Reed School.

A series of speakers will outline the purpose of the group and explain the legal procedures for filing assessment protests, said Mrs. Chester C. Vargas, co-chairman.

An assessment protest meeting two weeks ago brought out more than 200 Belvedere residents who organized the group after receiving assessment notices of rises averaging 40 to 60 per cent.

Mrs. Vargas said she had conferred with representatives of the Little Reed Heights, Del Mar and Pine Terrace property owners associations who planned to back CUT.

S. W. Schneider, co-chairman of the citizens group and president of the Tiburon Property Ooowners Assn., will be one of the speakers at the meeting tonight. Others will be Sausalito attorney Leonard Bjorklund, who helped organized the Sausalito assessment protest last year, and attorney James Michael, former Belvedere mayor, who will explain legal methods of assessment protest.

Two Inmates Set For Escape Trial

Jury trial for San Quentin inmates Thomas A. Buckley and Burton S. Kaiman, both indicted for escape from the prison and for car theft, was scheduled yesterday in Marin Superior Court for July 13.

The two were arrested in Los Angeles County shortly after fleeing the prison ranch last Sept. 16. They allegedly stole a car owned by Robert Keith Bell of San Rafael during the flight.

Corte Madera Seeks Civic Center Bonds

Corte Madera Town Council bickered briefly over wording, then voted 3-to-1 last night to endorse the Civic Center bond issue, after Supervisor Thomas T. Storer argued that bonding was the best way to finance the needed second stage of the center.

Councilman William W. Collier wanted Councilman Charles F. Pendleton to amend his motion favoring the bond issue so that it would say, in effect, that the council endorsed bonding "as the method of financing" but without recommending a yes vote on the June 8 election proposition. Pendleton refused, and Collier then voted "no" on the motion.

Supervisor Storer concentrated on comparison of three financing methods. Pay-as-you-go financing would require tax rate of 57 cents per $100 property valuation for the next three years, he predicted. Construction of the proposed Hall of Justice under a lease-purchase plan would cost $600,000 more in interest than bonds over a 25-year period, Storer said.

Bond financing would add only $5.13 to the average homeowner's annual tax bill, Storer said, for the first 12 years.

The Corte Madera Town Council Also:

1. Voted unanimously to instruct architect George V. Banning to proceed with plans for remodeling the fire station, to provide revamped offices for the city and sanitation district after police and fire headquarters are moved to the public safety building now under construction. Pared-down cost estimates for the job is $65,000, Banning said, to provide a building useful for 15 to 20 years.
2. Decided to ask San Rafael City Mgr. Dan E. Andersen, San Anselmo City Administrator Douglas J. Flautt and Belvedere City Mgr. William L. Cavalli, plus a member of the Corte Madera Planning Commission, to sit as a board to review candidates for the town manager position. Mayor Edward W. Colthurst and Councilman Pendleton said they would present names of about 14 top applicants, screened from 76 job-seekers, to the committee.
3. Reappointed Robert Riboli and J. W. McClintock to the park and recreation commission, and declared a vacancy on the planning commission because member William Sheehan has moved outside Corte Madera. The vacancy will be filled at the next council meeting.
4. Amended the city personnel ordinance to require that all future town employees live within five road miles of town limits, and approved increasing from $35 to $50 the allowance paid for the required triennial city employee health examinations.
5. Referred to the town engineers the City of Larkspur's request for $12,500 as Corte Madera's share of extension of Doherty Drive to connect with Lucky Road.
6. Heard from Mayor Colthurst that his report on teen-age dances at the recreation center is not yet ready.
7. Decided against spending up to $1,000 to try to save a big cypress tree at the civic center after its roots were damaged in construction work on public safety building.
8. Approved San Rafael Cabs, Inc., request for a certificate of public convenience, after it was announced that the firm is buying out the present Corte Madera taxi firm.

Councilman Norman R. Barnett was absent.

Driver Dies As Train, Truck Hit

MERCED (AP) — A collision Southern Pacific freight engine and a truck and trailer loaded with lumber killed the truck driver, spilled wreckage for 100 yards and touched off a five-acre grass fire last night.

The victim was identified as W. H. Robins, 42, of Twain Harte.

Witnesses theorized that Robins failed to see the flashing red lights at the crossing in the setting sun behind them, and didn't hear the warning bells over the roar of his own diesel engine.

No Public Hearing On Unification Proposal

There will be no public hearing on the proposed county-wide school district unification proposal before the Marin County Committee on School District Organization tomorrow.

A story in yesterday's Independent-Journal incorrectly said the committee would hold a hearing when it meets at 8 p.m. at the Civic Center. The committee is slated only to discuss setting of a public hearing.

Belvedere Council Considers Construction Of City Hall

Belvedere City Council is considering construction of a city hall.

The council took the first steps last night by appointing a committee of Councilmen John R. Moore, Edwin J. Dreschel and Mrs. Sally Mathews to study plans which were drawn up some years ago and consider ways of financing construction.

Plans are for an addition to the fire house-community hall. Dreschel also suggested that city officials might meet with Tiburon representatives to study joint needs of the neighboring cities.

Belvedere now rents city office space at $150 a month from the Belvedere Land Co., in addition to renting two apartments at $50 each from the company, which the city in turn rents to the police chief and city manager, all in the same building at 83 Beach Road.

Councilmen only briefly discussed the subject last night before sending it to committee, coming to no decision on whether such a project would come under pay-as-you-go financing or a bond issue.

Councilmen during the adjourned session devoted to discussion of future projects also:

1. Heard that plans for student summer work crews who will clear city lanes and easements are going forward.
2. Approved preliminary paper work for reconstruction of the retaining wall on Beach Road above the San Francisco Yacht Club, estimated to cost 32,432 of which $9,590 would come from city funds, the remainder from state gasoline tax rebates.
3. Heard that the Tiburon Sanitary District, which treats city sewage, will have to purchase a $40,000 centrifuge pump for its treatment plant. Belvedere's share of the cost would be about $17,000.
4. Directed City Mgr. William L. Cavalli to check on city insurance coverage and report to the council at its Aug. 2 meeting.

INTENT AND INTEGRITY

On many occasions . . . when private land is being developed for residential use . . . no consideration is given to the effect of this development on other residents of the area.

In Marin County, many housing areas have been developed in the past decade of astonishing growth . . . but often these new homes have been a financial liability to the rest of the County BECAUSE SINGLE FAMILY HOMES, UNLESS THEY ARE WORTH $60,000 OR MORE, DO NOT PAY ENOUGH TAXES TO MATCH THE COST OF SERVICES THEY REQUIRE, SUCH AS POLICE, FIRE, ROADS, SCHOOLS, ETC.

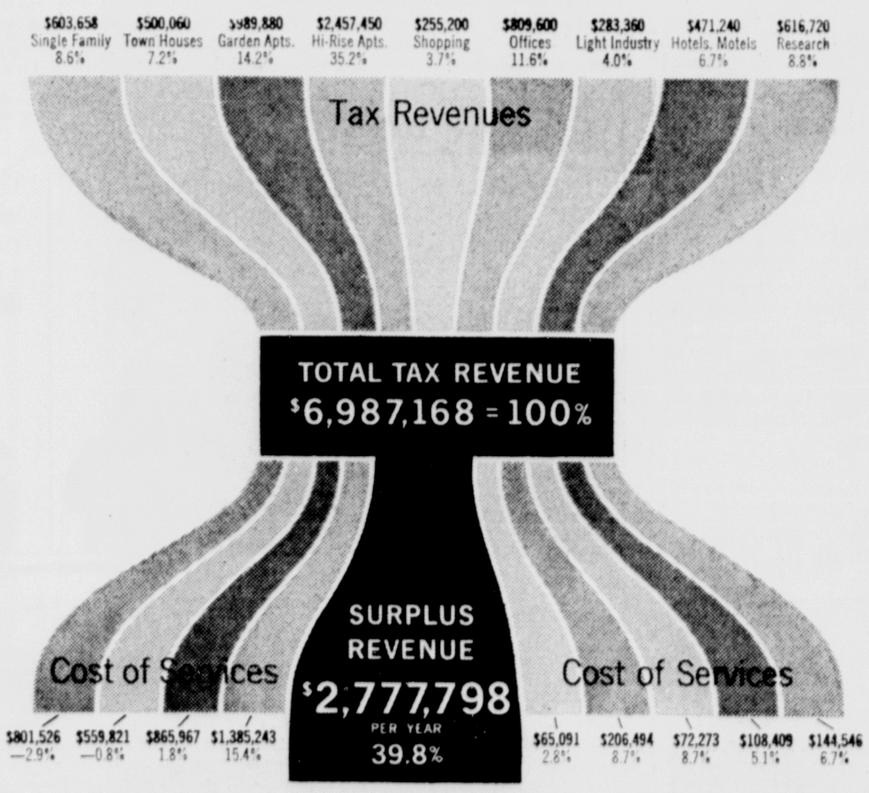

When Marincello was conceived . . . and while it was in the preliminary planning stages . . . the INTENT of the Frouge Corp. was that this community would not be a liability to Marin County. The INTENT of the Frouge Corp. was that Marincello would be a good neighbor to the rest of Marin County . . . that Marincello would pay its own way . . . that Marincello would be an asset to the County—financially as well as culturally and esthetically.

To determine the financial structure of the community of Marincello, the Frouge Corp. retained Prof. Sherman J. Maisel, then of the School of Business Administration of the University of California in Berkeley, and just recently named to the Federal Reserve Board. Prof. Maisel studied the preliminary Master Plan for Marincello and reported that as conceived Marincello would be a financial asset to Marin County . . . that it would pay the County more in taxes than it used in services.

The adjacent chart depicts the findings of Prof. Maisel. Note that all but single family homes and town house apartments would return a tax surplus.

The INTENT of the Frouge Corp. is to be a good neighbor. It is the belief of the Frouge Corp. that major developments should consider their effect on the entire County . . . that it is a proof of INTEGRITY that such INTENT be demonstrated.

Comparisons of Marincello Tax Revenues to Costs of Public Services

Based on 1964-65 County Budget of $33,600,000. this surplus, if available now, would provide a more than 8% reduction in every County tax bill.

Prof. Maisel's figures . . . and the concept of a tax surplus when Marincello is completed 15 to 20 years from now . . . have been challenged. BUT CAN YOU RECALL ANOTHER DEVELOPMENT . . . PLANNED OR OTHERWISE . . . WHICH CONSIDERED THIS ASPECT OF ITS RELATIONSHIP WITH THE COUNTY?

We believe this shows INTEGRITY . . . and the proper INTENT.

Supervisors Approve Home Care Program

The Marin County Board of Supervisors today gave hearty approval to an independent home care program for the ill which will take over and expand the present operation supported by county taxes.

Marin Home Care, Inc., is now being formed, according to Michael D. Scholl, county medical director. It is being backed by the Babock Foundation, which has contributed extensively to facilities and building at Marin General Hospital.

The group has named Dr. Chad Calland as director, and Mrs. Pat Perjancsik, former coordinator for the county program, has left the county staff to join the new agency.

Scholl said the shift will relieve the county of about $30,000 from the annual budget. And the county program, which was just in its infancy, would have cost much more as it was expanded as intended.

Scholl said in some areas a home care program is supported health insurance programs. The Marin program thus may become self-supporting.

Supervisors authorized the group to make use of office space in the medical department and any clerical help from the county staff that is needed to get started.

TAFT

Continued from page 1

Johnson asked Congress to overhaul the federal-state unemployment insurance system and its present patchwork of varying jobless benefits.

"No major improvements have been made since its original enactment 30 years ago," Johnson said of the jobless aid program.

Johnson discouraged labor's drive to cut the present federal standard work week of 40 hours.

"I do not think the time for change in the law has come," Johnson said.

On the question of the work week, Johnson said: "I am requesting the National Commission on Technology, Automation and Economic Progress to include on its agenda full consideration of the matter of 'work periods'."

Johnson's comments on the repeal of Section 14B of the Taft-Hartley Act were brief.

He said "with the hope of reducing conflicts in our national labor policy that for several years have divided Americans in various states, I recommend the repeal of Section 14B of the Taft-Hartley Act with such other technical changes as are made necessary by this action."

There is every indication of a major fight in Congress over the proposal to repeal that section, which permits states to enact laws banning closed shop contracts. Such contracts require workers to join a union to keep their jobs.

Labor leaders consider such laws anti-union. Repeal of the provision is strongly opposed by some business and industrial groups.

The Taft-Hartley law specifically permits union shops but 14B modifies that by giving individual states the right to override the rule if they choose.

Hearing Begins On Sausalito's Fill Moratorium

A scheduled two-week hearing of the Sausalito Properties, Inc., suit contesting the City of Sausalito's bay fill moratorium began today before Judge Thomas F. Keating of Marin Superior Court.

The plaintiff, also seeking $600,000 damages, alleges the city's Aug. 23 three-year moratorium was "unreasonable, arbitrary, capricious, discriminatory and in conflict with the expressed purpose and intent of state statutes . . ."

The action halted a proposed 10-million-dollar waterfront development of apartments, hotel and marina which Sausalito Properties Inc., had proposed on 42 acres between Johnson and Napa streets.

But on Sept. 11, Judge Keating granted an alternative writ of mandate to the plaintiffs which allowed a conditional permit for dredging and fill of the tidelands properties.

Sausalito Properties is represented by Rockwell, Fulkerson and Clarke of San Rafael. Sausalito City Atty. Leland H. Jordan represents the city.

Storer Gets Angry Over An 'Insult'

An indignant Supervisor Thomas T. Storer today told fellow Marin County supervisors that he would not speak before the West Marin Lions Club on the hall of justice bond issue because of the "insulting" nature of the Lions Club's letter.

Club president H. C. Hankins wrote to say that the club would like Storer to speak and "that it be required that he make the presentation and answer the questions in person (with no assistance from anyone else.)

"It might be well to advise him to study his text and be prepared to answer questions that will be posed," Hankins wrote.

Storer said he thought it "sad that politics are being injected into one of the most important issues we are facing."

Storer also said the county has been contributing money to the Lions Club for the West Marin Junior Livestock Show on the assumption that the club is non-political. "It might be well to review that contribution," he declared.

Hankins was manager for George H. Ludy's unsuccessful campaign for re-election to the board. Storer defeated Ludy last November.

"A scab seems to be forming," said board chairman Peter H. Behr.

Supervisor William A. Gnoss suggested that Ludy speak to the Lions since the decision to ask approval of bonds was made when Ludy was still on the board.

ago renewing his offer of unconditional discussions — plus new overtures to Hanoi through neutralist channels—would convince North Viet Nam it was time to stop fighting.

The planes which carried out the raids came from the aircraft carrier U.S.S. Coral Sea. The spokesman said all returned safely.

A North Vietnamese broadcast, monitored in Tokyo, claimed that "many waves" of U.S. planes bombed and strafed targets on Communist territory yesterday. It claimed that one F105 was shot down over Nghe An province.

Meantime, six battalions of South Vietnamese troops launched a pincers actions against a Communist base near the border with North Viet Nam. Intelligence reports indicated the camp is used to train infiltrating soldiers from the Communist north.

Far to the south, Communist guerrillas captured the entire 60-man garrison of a government hamlet yesterday and killed or wounded 28 Vietnamese who tried to drive them out.

A U.S. military spokesman said the guerrillas overran Phu Long hamlet, 100 miles east of Saigon, in a daring daylight raid. last night.

One Vietnamese militiaman was killed and another wounded before the hamlet fell. The guerrillas captured the entire garrison of two militia platoons, each numbering about 30 men.

Two companies of provincial troops rushed to the relief of the beleaguered hamlet, but were badly mauled. The spokesman said 11 members of the relief column were killed, 17 wounded and 38 missing.

Selection Of Jury Begins

Selection of jury for the felony assult trial of Kent Kluever, 21, began today in Marin Superior Court.

Kluever, of 701 E. Street, San Rafael, allegedly assulted William Richard Barfield with a broken bottle in San Rafael on March 18, then assulted Police Officer Kenneth L. Homen.

He is represented by Harold J. Truett, assistant public defender. Donald E. Paterson Jr., deputy district attorney, is proseuting before visiting Judge Ben Curler of Lassen County.

Surviving Daughter's Name Is Printed

Mrs. Christine Miller of Apt. D, 105 Shaver Avenue, San Rafael, is one of the four surviving daughters of James Foster Owens, 76, of San Rafael, who died Friday at Martinez Veterans Hospital after an illness.

Mrs. Miller's name was inadvertently omitted from the Owens obituary in yesterday's Independent-Journal.

Truck Owner Chases Thief, Loses Him

Raymond R. Copeland tried to catch a thief in San Rafael when he saw his pick-up truck being raided at about 1:25 a.m. today.

Copeland, of 1400 Lincoln Avenue, Apt. 2, ran out to his carport and chased the thief around the block, where he cornered him. But as he yelled back for his wife to call police, the trapped man took his chance, made off into some nearby bushes and finally fled in a car.

Missing from the pick-up were tools and other equipment worth over $450.

Copeland gave Officer Philip D. Green of San Rafael police this description of the thief: aged about 21, five feet 10 inches, 145-160 pounds, dark hair, wearing dark blue shirt and light gray or brown pants.

Two San Rafael burglaries reported yesterday netted a total haul of more than $1,800 for raiders.

Morris L. James, owner of Superior Cabinet Shop at 440 Francisco Boulevard, complained the premises was broken into during the weekend. Stolen were spray guns, electric hammers, assorted tools and other equipment worth about $1,000.

Officers said thieves forced a rear door hasp and scaled a wooden divider to get in the building.

John Perry of United Liquor Store at 1556 Fourth Street reported that $800 in cash and a quantity of liquor were stolen Sunday night. Raiders gained entry by prying a rear door.

Hospital Addition Approved

The Tiburon Planning Commission last night approved an 816-square foot addition to the Marin Convalescent and Rehabilitation Hospital.

However, planning commissioners attached a string which would not allow any increase in the number of beds at the hospital at 30 Hacienda Drive, allowing only recreational activities in the addition. The vote was 4-0 with commissioner Joseph C. Marshall absent.

The Tiburon Planning Commission also:

1. Set a special session for 8 p.m. June 1 at Del Mar School to consider possible zoning changes in duplex-zoned area of the city and to study a 34-page subdivision ordinance.
2. Referred to City Atty. Robert I. Conn an old contract between Southern Pacific Co. and right-of-way property owners which might affect reversionary property rights if the present Northwestern Pacific line were abandoned.
3. Went on record against any more signing for the Volkswagen sales building at the Strawberry Shopping Center on Highway 101.

Felon Pleads, Sentenced In Knife Charge

Kenneth Jarrett, San Quentin inmate scheduled for jury trial today for illegal possession of a sharp instrument, instead pleaded guilty and was sentenced in Marin Superior Court to a term of one year to life.

Jarrett, represented by Jerome Durham, public defender, had a homemade knife in his cell last Dec. 9. He was indicted Jan. 20 on the possession charge, but after today's plea requested he be sentenced instead under another penal code section prohibiting the smuggling of a weapon into prison.

Durham said reason was that punishment on the latter is one year to life, where as penalty for the other is five years to life.

Judge Thomas F. Keating noted that the penalty for what appears to be a lesser offense —possession as opposed to smuggling—was "peculiar." Dist. Atty. Bruce B. Bales also commented on the relation of the two penalties. He termed it a "ridiculous situation" and said he will ask state legislators to make an adjustment.

As the bids were presented, Councilman Fred E. Jensen cracked, "What happened to that $650,000 bid?" (That was the price for the city hall, exclusive of site work, estimated by Ebasco Services in its city hall study four years ago).

Vote awarding the contract was unanimous. Oretsky said he would be ready to start work within two days after delivery of bonds and insurance and receipt of the signed contract. Gromme said 10 days should be allowed for these formalities.

U.C. Filthy Word Figure Arrested In Theft Of Food

BERKELEY (AP) — The New York youth who triggered the filthy word crisis on the University of California campus was held in jail today on a charge of stealing groceries.

Police said John Thomson, 23, and a 17-year-old boy were stopped by a store detective at the Park and Shop Market on Telegraph Avenue last night and had groceries concealed in their clothing.

Thomson was jailed in lieu of $110 bail. His companion was taken to juvenile hall.

March 3, Thomson, a non-student, appeared at the entrance of the university campus carrying a sign with an obscene word.

That sparked a demonstration which resulted in the arrest of nine, including three students, on obscenity charges.

OBITUARIES

Gertrude Ashley Rites Set

Funeral for Mrs. Gertrude L. Ashley, 62, a 29-year resident of Marin County, will be held tomorrow at 11 a.m. at Russell and Gooch Mortuary, Mill Valley.

Mrs. Ashley, who had been in failing health for some time, was found dead in the bedroom of her home at 107 Rising Road, Mill Valley, Sunday at 7 p.m. by her son, Roy Ashley Jr. of Corte Madera. Ashley tried to reach his mother by telephone Sunday and, on receiving no reply, went to her home.

An autopsy is pending at Russell and Gooch Mortuary. Burial will be in Mount Tamalpais Cemetery, San Rafael.

Mrs. Ashley was born in San Francisco. She is survived by her son; a brother, Robert Martin of San Carlos, and two grandchildren.

DARIO BUGNA

Funeral for Dario D. Bugna, 46, of 1 Harbor View Court, San Rafael, will be held at 9:30 a.m. tomorrow at Keaton's Mortuary, San Rafael.

Bugna, chief mechanic for the City of San Rafael, died Sunday at home.

Among his survivors is a sister, Mrs. Melba Traverso of San Anselmo. A story in yesterday's Independent-Journal gave her name as Mabel Traverso.

Burial will be private.

HENRY WILKINSON

Funeral for Henry Wilkinson, former Sausalito resident, was held at the chapel of the Yountville Veterans Home in Napa County, yesterday.

Wilkinson, who was 77, died May 11 after long illness. He had lived at the Veterans Home since 1960.

A native of Illinois, Wilkinson served overseas during World War I in the 364th Infantry, 91st Division. A brass molder by trade, he had worked in Oakland and Southern California before coming to Marin.

Survivors are three sisters, Mrs. Beatrice Martin of San Rafael, Mrs. Lucy B. Fuller of Ventura, and Mrs. Maude Phillips of Chattanooga, Tenn.

Burial was in Golden Gate National Cemetery, San Bruno.

JOE MORRIS

Funelar for Joe Alfred Morris, 42, native of San Rafael and brother of Bob Morris of San Rafael, will be held in Santa Clara tomorrow.

Morris, a trainmaster who had worked for Southern Pacific Co. 19 years, died unexpectedly in Santa Clara Saturday. An autopsy report is still pending.

Belvedere Joins Assessment Study

The Belvedere City Council last night seemed to approve the assessing methods of assessor Bert W. Broemmel—But went on record to support Tiburon's citizen assessment protest group for its "education- and advisory" activities.

County supervisor Peter H. Behr, who attended the council meetings to ask for backing of the civic center bonds (which he got), was deluged with tax and assessment queries by councilmen.

Behr outlined the procedure for individuals to follow in protesting assessment, from asking for a review by another appraiser to going before the board of equalization (supervisors) with a formal protest.

"There is no God-given presumption on the part of the board that the appraiser is right," Behr said.

"What hope can you give us from the county for lower taxes?" asked Councilman Edwin J. Dreschel.

"We have never since I've been on the board, taken advantage of rises in assessed valuation, I believe," answered Behr.

"This is ridiculous, "put in Councilman John R. Moore, pointing out what he believed an inequitable appraisal of his home, compared to others.

Behr agreed to the "ridiculous," echoing it in discription of the present assessment rules under which the "assessor comes scurrying around after the building inspector, rubbing his hands to see the value of the improvement."

But Behr noted that assessor procedures are set by state law. He urged individuals to write national and state representatives in protest. He said a mass protest of area assessments from a city or group would be listened to, but only individual, specific assessment protests could legally be considered by the board of equalization.

"The only relief of any serious value is if the school districts lay their tax rates only on really serious needs," Behr said . "It seems to be a way of life that school districts lay to the limit of the assessed valuation."

"Broemmel's doing a prosessional job—It's what happens after assessment," commented Councilman Dreschel. "I do not support a protest on the manner of assessment."

"Some of these market values are arrived at in a rather kookie fashion," said Councilman Moore.

Councilmen unanimously agreed to support the citizen protest group being formed on the peninsula, but only for its work in explaining to citizens how they could make individual protests and for its "watchdog" activities on tax rates.

Teacher Tells Police Of Being Kicked

A Lucas Valley school teacher ran several blocks to the Sausalito police station for help early today after a man allegedly broke into her home and kicked her in the face, knocking out several of her teeth.

Ann Royle, 23, of 195 San Carlos Avenue, a third grade teacher, was reported in "satisfactory condition" today at Marin General Hospital. She was being treated for facial cuts.

Police sought a warrant today, charging felony assault, against a 34-year-old Marin man. His name was withheld pending his apprehension.

Miss Royle told officers that at about 3 a.m. her assailant, whom she knows, broke the glass of her front door and entered her home.

She said she crouched on the floor in her living room as he was breaking in, and attempted to telephone police.

Her screaming, "Help, police. Send somebody. He's kicking me" was received by police but Miss Royle was unable to give the address. The telephone operator was asked immediately to trace the call but the teacher arrived at the police station at 727 Bridgeway before it could be traced.

Officers said Miss Royle arrived at the station at about 3:30 a.m., having run all the way.

Mill Valley Rejects Proposal To Dredge City's Land

Mill Valley city councilmen last night hesitantly rejected a plea by planning commissioner Robert C. Mountjoy that they plan to dredge 18 city-owned acres southwest of the small craft harbor.

Mountjoy told the council that property surrounding the city land was being planned for commercial-recreation zoning on the assumption it would someday surround open water.

He told the council if it did not leave the city's property marked open area, some of the advantage of the commercial recreation zoning would be lost.

"The property owners aren't likely to want to build up a waterfront area, when it's possible there won't be any water there in years to come," he warned.

Councilman Joseph E. Sheeks responded:

"I'm not sure of our ability to develop a waterfront area. Looking at waterfront in San Rafael, Sausalito and Corte Madera, I'd say if this is waterfront, take it to San Rafael and Sausalito."

Councilman Albert E. White warned that "this is valuable property the city owns. If we leave marked open now, we may have a difficult time, once the shoreline is developed, changing our minds and deveoping it."

In voting to plan city-owned property for commercial-recreation zoning, Mayor Michael Wornum said:

"I will vote yes on this now, but reserve my right to change my vote depending on the recommendation of the planning commissioners. I don't really think we have enough facts to base our decision on right now."

The council sent the proposed East Mill Valley master plan back to the planning commission with this amendment and another calling for commercial recreation instead of Park land in the Enchanted Knolls Point area.

The Mill Valley City Council Also:

1. Endorsed the proposal for a $7,750,000 bond issue to add a second wing to the Marin County Civic Center, which will be up for election June 8.
2. Adopted ordinance revising frontyard setbacks for corner lots, extending automatic front yard setback variance for carports to include decks and outside stairways and revising the defination of a street.
3. Adopted an ordinance prohibiting motor vehicles on fire, hiking and riding trails.
4. Granted a use permit for the Mill Valley Public Library to operate in old Mill Park. The council also approved landscape design for the library and authorized the city manager to call for bids on the project.
5. Set hearing's June 7 on a request to abandon a portion of Oakdale Avenue, and on a resolution declaring weeds a nuisance.

Councilman William M. Secor was absent.

Zone Request Hearings Set

Public hearings will be held by Sausalito planning commissioners at 8 p.m. tomorrow on proposed rezonings.

L. A. Martino and B. John Moscini are asking rezoning of portions of Buena Vista Heights, between Rodeo and Nevada avenues and Bayside School and Highway 101, from duplex on 10,000 square foot lots to duplex on 5,000 square foot lots.

J. H. Madden is requesting rezoning of a triangular piece of land fronting on Humboldt Avenue near Anchor Street from open area to commercial.

Corte Madera Asks Study Of Municipal Golf Course

Corte Madera Town Council voted last night to look into putting a municipal golf course on filled land east of Highway 101.

The council, on motion of Councilman Charles F. Pendleton, voted to spend up to $250 for a survey of the possibility by George Walton, San Rafael landscape architect.

Councilmen felt state and other outside funds might be available to help in such a project, as the golf course could also constitute a greenbelt. Possibility of a marina-type park also was discussed.

Pendleton said League of California Cities studies showed several cities have highly profitable public links operations that have not only paid their own way, but assisted other recreation programs.

Though they might put a golf course beside the highway, they don't want a 174-square-foot neon sign, the councilmen declared.

They rejected unanimously J and B Ford Sales appeal from planning commission denial of a permit for a sign that size on the firm's building fronting the highway.

Planning commissioners Norman Eaton and C. W. Thomas, as well as Marin Estates Homeowners Assn. president H. S. Norville spoke up against the sign. Norville voiced fears the brilliant sign would set a precedent along the highway, and declared "when everybody shouts, nobody's heard."

"We're happy you're here and wish you much success," Councilman Albert E. Kogler assured the auto agency. But, he said, bill board and large signs could set a precedent and "the area would become known as an eyesore."

Intoxicated Driver Given Fine, Jail

Emmett Dexter Nelson, 44, of 78 Spindrift Passage, Corte Madera, was fined $330 and sentenced to five days in county jail yesterday in Marin Municipal Court for drunken driving.

He was arrested May 12 by Corte Madera police and had a prior conviction.

KTIM Tower Hearing Set

A public hearing on Radio KTIM's application for a 105-foot frequency modulation transmitting tower on private property atop San Rafael Hill will be held June 7 at 8 p.m. by the San Rafael City Council.

The planning commission last week granted a permit for the tower, but the city council last night had before it five letters of protest and decided to hold a public hearing.

The letters were signed by Mr. and Mrs. Frank Faustine and by Barbara Faustine of 1440 Nye Street, Mr. and Mrs. Harold H. Paulsen of 32 Vendola Drive, Russell J. Amos of 1441 Nye Street, and Peter Wolf of Graceland Drive.

Revolutionizes Denture Wearing

The nearest thing to having your own teeth is possible by an artificial membrane invented by chemists. This membrane connects dentures to gums and mouth surfaces just as living tissue firmly binds natural teeth. Now many can eat, speak and laugh with little worry of dentures dropping.

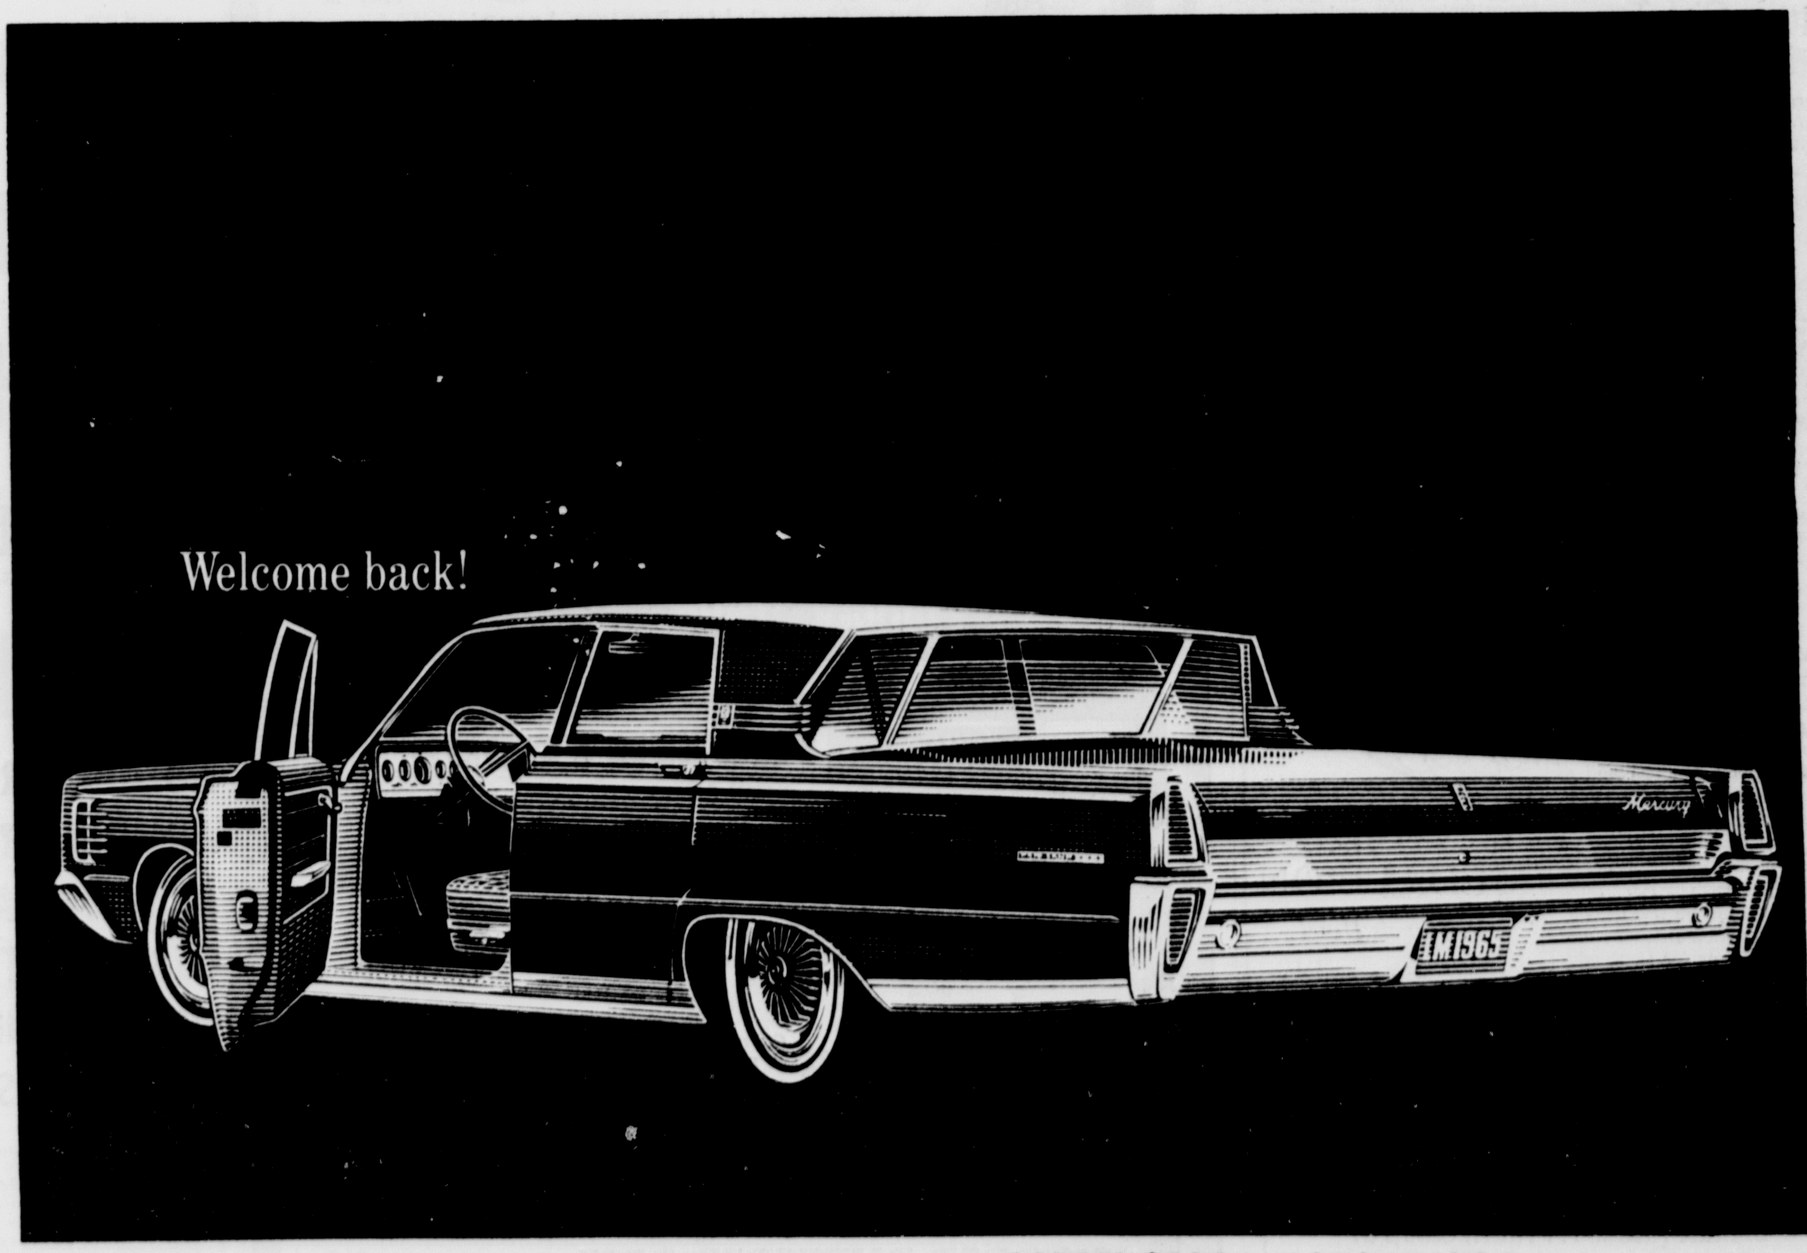

FIXODENT elastic membrane absorbs the shock of biting and chewing—protects gums from bruising. You bite harder—eat faster, without pain. You can enjoy hard-to-chew foods like steak, apples, corn-on-cob.

FIXODENT helps you speak more clearly, be more at ease.

The special pencil-point dispenser permits you to spot FIXODENT with precision—no oozing over. FIXODENT usually lasts round-the-clock, resists hot drinks, alcoholic beverages. Get FIXODENT at all drug counters. When mouth tissues change, see your dentist.

Hilltop Cluster Housing Approved

San Rafael's first hilltop cluster housing was approved last night for the Lucas Valley area, despite a protest petition signed by 87 residents of nearby Twelve Oak Hill.

The council approved 4-0 rezoning of 110 acres of Dubin Developers' San Rafael Park from single-family to planned community district, with a plan calling for clustering 254 town house units on the 110 acres.

The plan shows much of the hillsides off Lucas Valley Road and Las Gallinas Avenue left undisturbed, with the city having the option whether to accept the open area as an outright grant or an open space easement. An elementary school site is also included in the acreage.

"This clustering gives us open space that we've been crying about for a long time," said Councilman Charles W. Aby in moving the ordinance rezoning the area be passed to print.

The 87 petitioners, headed by Morris J. Crumb of 35 Twelve Oak Hill Drive, did not agree. Crumb and several other signers among those present argued to keep the area in single-family zoning. They said Dubin Developers (a subsidiary of Permabill Homes) already is tearing up the hill in grading.

Ronald Harding of Dubin Developers said the grading is for single-family homes on the lower 90 acres of San Rafael Park, and there will be considerably less on the upper portions.

Councilman Louis H. (Bud) Baar absented himself during discussion and vote on the rezoning because of possible conflict of interest.

The San Rafael City Council Also:

1. Denied unanimously Arthur Lang's appeal from planning commission turndown of a lot split on Rose Street.

2. Overturned unanimously the planning commission's refusal of architectural approval of a duplex addition at 223 Belle Avenue, sought by William Timmer, which had been rejected because of the parking plan.

3. Denied unanimously Marin Development Co.'s appeal from planning commission turndown of a 13-lot, six-acre subdivision in the Francisco Boulevard Assessment District, calling the lots far too small for commercial or industrial use.

4. Listened to a complaint by Stanley Dettmer of 1927 Fifth Avenue that the building department had allowed his neighbor to erect an addition within three feet of the property line despite being notified of it. Chief Building Inspector Jack Coates said the permit had been issued before he took office.

5. Approved resolutions authorizing issuance of $848,954 for the San Rafael Cayes Assessment District, a one-owner district, and paying $94,000 in advance costs and $674,000 for public improvements already installed from proceeds of the bonds.

6. Awarded First California-Blyth and Co. the $389,000 Francisco Boulevard Assessment District bond issue on a bid of par plus $38.90 at 6 per cent, best of three bids received.

7. Voted to purchase six acres of partially filled land from San Rafael Cayes, Inc., for $17,500, for future use as a corporation yard site, with provision the city will pay only for curb and gutter and half the street when the land is improved under an assessment district.

8. Adopted an ordinance rezoning the corner of Belle and Ridge avenues for multiple dwellings.

9. Agreed to contract with the County of Marin to paint center stripes on about 10 miles of city streets at cost of not over $10,000.

10. Agreed to pay R. E. Nolan and Son $7,000 for easements required to complete the Chula Vista sewer and street project. As assessment district money has been exhausted, the cost will come from city general funds.

11. Agreed to pay Mobil Oil Co. $5,601 for a strip of land used in realigning Bellam Boulevard.

12. Heard a letter from the San Rafael Board of Education complaining about subdivisions permitted without sidewalks, and agreed that any such subdivision hereafter should be called to the council's attention if approved by the planning commission.

13. Set hearing for June 7 on rezoning Porto Bello West from condominium to planned community district permitting substandard lots.

14. Accepted a gift deed from Louise A. Boyd of the non-access strip running along Mission Avenue behind the new city hall site.

15. Authorized employment of Christine L. Rossi as police department clerk-typist at $312 per month, and John Tataglia as parks department groundsman at $410 per month, and promotions of George E. McKissick from junior civil engineer to assistant civil engineer at $638, Robert L. Rose from assistant to associate civil engineer at $776, and Thomas Orovich from assistant civil engineer to office engineer at $704.

Coin Club Show Winners Named

David M. Faraday of 121 San Gabriel Drive, Fairfax, won a trophy for best of show and first place in United States coins and currency Sunday in the Marin Coin Club's annual show in Mill Valley.

Other trophy winners were Dr. Varon Smith, Nicasio, first in U.S. gold; Gordon Rammer, who gave no address, first in foreign coins and currency; Roy Bunt, Nicasio, first in tokens, medals and decorations, and Paul McGowan, Tiburon, first in junior classification.

About 1,500 persons attended the event, according to Mrs. George Gosser, publicity chairman.

Marin Girl Tops Guide Dog Tests

A Marin County girl took top honors—an almost perfect score — with her 13-month-old Golden Retriever puppy at the Guide Dogs for the Blind show Sunday in San Mateo.

Competing against entries from 12 Bay Area counties, Lindy Tarr, 16-year-old Drake High School junior, and "Sprite," the puppy she has trained for 10 months, won 204½ points out of a possible 205. Seventy puppies were entered in the show at the San Mateo County Fairgrounds.

Lindy is a daughter of Mr. and Mrs. Cedric W. Tarr, Mountain View Road, Lagunitas, and has trained her puppy under the 4-H Club Guide Dog program.

Mill Valley Builder Hits Design Board Idea

A Mill Valley builder, fresh from a battle before the Mill Valley Board of Review, warned the Marin County Planning Commission against the dangers of such a group yesterday.

Dick Dunn told county commissioners that he had gone through 50 days of "knit picking" with the city board of review over the design of his apartments.

Most of the delay was because members of the board could not agree, he said. They debated the color of the stucco. They debated the width between battens. They debated the material for the roof and demanded to see samples, Dunn said.

He finally got his plans approved by the board of review and later the Mill Valley Planning Commission. Directions included the planting of camelias and flowering plum trees.

The county planning commission is considering establishment of a board that would pass on design of buildings. Commissioners were to discuss it at length yesterday, but delayed the matter due to the illness of Planning Director B. D. Dobbs.

Dunn had heard about the county proposal and asked to speak. His report made county commissioners conclude that there should be a time limit placed on applications if a county board of design or board of review should be created.

Blithedale Improvement Plan Abandoned By Council

Mill Valley City Council voted unanimously last night to abandon plans for improving East Blithedale Avenue to a divided four-lane road.

Instead, the council decided to place emphasis on Miller Avenue as the main route between Highway 101 and the heart of town.

The plan would call for extension of Miller's present four divided lanes out to the highway.

The council took the action on the recommendation of City Mgr. Bert A. Balmer, who estimated improvement of East Blithedale Avenue would cost Mill Valley $387,000, "and this will only provide a four lane road from the highway to Camino Alto."

"In my opinion the remainder of the road, from there to Throckmorton, will always remain two lanes," said Balmer.

He asked that the council improve East Blithedale to a standard two-lane road and use the money saved to improve other roads, such as Camino Alto.

New streets which will be built north of East Blithedale, he predicted, will take some of the load off that avenue in the future and allow it to continue as a two-land road.

Patricia Neal In Washington

WASHINGTON (AP) — Actress Patricia Neal, wearing a black patch over one eye and a brace on her right leg, planned to rest here briefly today before resuming a trip to her home in England.

The Academy Award winner, 39, is recuperating after three massive strokes. She flew here from Los Angeles yesterday with her husband — British writer Roald Dahl — their three children, a nurse and an English friend.

The group is staying here until tomorrow.

Eavesdropping Bill Passes Assembly Unit

SACRAMENTO (AP) — Legislation barring secret electronic eavesdropping devices from public school classrooms has been approved by the Assembly Education Committee.

Under the bill, authored by Assemblyman Leo J. Ryan, D-South San Francisco, use of secret listening or recording devices would be a misdemeanor. Students violating the rule would be liable for suspension or expulsion. It was approved yesterday.

Kidney Center Plan Gains

SACRAMENTO (AP) — Two artificial kidney centers would be established for treatment of California kidney disease sufferers under legislation approved by the Assembly Public Health Committee.

The centers would provide long-term treatment for 20 persons at a time, thus lowering the $25,000 per year cost per person of treatment on an individual basis.

The bill, authored by Assemblyman Nicholas C. Petris, D-Oakland, would appropriate $1.1 million, including $350,000 for the centers and $300,000 for equipment. It went to the Assembly Ways and Means Committee yesterday.

Grand Theft Case Trial Is Slated

Thomas Walter Larke, 28, is scheduled for trial in Marin Superior Court June 22 on a charge of grand theft from National Cash Register Co., 4270 Redwood Highway, San Rafael.

Larke, of 68 Olivet Street, San Anselmo, allegedly took cash registers, parts and electronic gear from the company on May 11, 1964.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.

Non-Teachers Due Salary Raises

The ninety-seven non-teaching employees of Tamalpais High School District last night won pay hikes averaging about $20 a month.

Trustees approved additional pay requested by the employees, which will mean a 3 to 6 per cent hike for each person. Cost to the district will be about $24,000 for the raises for secretaries, custodians and others.

Trustees approved the normal "supplementary service" figures under which teachers are paid for extra duties such as coaching, being activity advisers or department chairmen. Total cost will be $67,869, including $8,000 for each of the three high schools for activities and sports guidance.

Tamalpais High School District trustees also:

1. Aproved a $500 research grant to Robert Greenwood, teacher at Tamalpais High School, to study ways of teaching vocal singing using tape-recorded lessons plus work sheets.

2. Heard from Supt. Chester G. Carlisle that preliminary plans for a bond issue vote in the fall included construction of a San Geronimo High School and construction of a Tiburon High School.

3. Heard trustee John C. Siemens Request a special board meeting in the fall for a more through review of curriculum, particulary to find if too much emphasis is being placed on strictly academic subjects.

4. Accepted resignations of Mrs. Mary Wolters, mathematics teacher at Sir Francis Drake High School, and Mrs. Noel Mansfield, homemaking teacher at Tamalpais High School, and granted a leave of absence for a year to Mrs. Carol J. Neumeier, counselor at Redwood High School.

5. Approved hiring Margaret Boerst as two-thirds time counselor at Redwood High School; Joe S. Gutierrez, to teach mathematics at Tam High; Judith M. Kysh, mathematics, Drake; William M. Medigovich, mathematics, Redwood; John P. Perrotis, Spanish, Redwood.

Search For Missing Boat Ends

An extensive air and sea Coast Guard search for three men and a woman, missing since they sailed out of Sausalito Yacht Harbor in an 18-foot sloop at 10:30 a.m. Saturday, was called off late yesterday.

A spokesman said today, "We have suspended active searching until we get some sighting reports of the boat or debris."

The Coast Guard hunt widened yesterday as two helicopters and cutters combed the Pacific out to the Farallon Islands. The search also ranged along the coast between Point Reyes and Half Moon Bay, and the entire San Francisco and San Pablo Bay shoreline was again scoured by helicopter without success.

Missing in the Sausalito-based light blue craft are: owner John H. Lathrop, 23, a San Francisco school teacher; Warren Havercraft, 21, of Hayward, a researcher for Raytheon Corp. in Mountain View; Steven Schlusberg, 23, of San Lorenzo, and Claudia Ching, 23, of Oakland, both Alameda County social workers.

The vessel was reported overdue by Lathrop's wife, Frances Ann, at 6:30 a.m. Sunday. She still refused to give up hope today. The couple have a 14-month-old son, Paul.

A 95-foot Coast Guard cutter was sent out yesterday along the coast in case the sloop might have sheltered in some cove. The missing boat has a mainsail 317 and a California hull license number CF5259AW.

FELLOWSHIP AWARD—Emmett P. De Deyn, 34, of 30 Hawthorne Avenue, San Anselmo, has been awarded a post-graduate fellowship in public affairs by the Coro Foundation. De Deyn, a University of San Francisco senior, will graduate June 6 with a bachelor's degree in industrial relations and plans a career in that field.

COUNCILMEN SHY ABOUT PLAQUE PLAN

Mill Valley city councilmen last night asked City Mgr. Bert A. Balmer to see that the commemorative plaque for the Mill Valley Public Library does not bear their names.

They asked that it read: "Built for and by the people of Mill Valley."

Suspect In Robbery Arraigned

James Lee Dugan, 29, was arraigned in Marin Municipal Court yesterday afternoon on an armed robbery charge and was to enter plea this afternoon.

Dugan, a tree-trimmer, allegedly robbed Dennis Allen Reierson of Purity Store in Mill Valley of several thousand dollars in store funds Sunday. He was arrested at the home of a San Rafael cousin Sunday evening and was being held in county jail at noon today in lieu of $5,500 bail.

Dugan gave his address as Seattle, Wash. He is represented by the public defender's office.

Fire At Home Being Checked As Possible Arson

San Anselmo police were called by the fire department yesterday to check the possibility of arson after a small fire was quenched in an empty home at 250 Redwood Road.

Firemen found burn matches near some flaming newspapers and cardboard under a low shelf in a closed room in the basement of the house. The fire was controlled by neighbors with a garden hose before firemen arrived, and damage was negligible.

Firemen said the house had been left empty and unlocked, and police today still had not been able to find the owner, listed by the assessor's office as Lois L. Johnson of the Redwood Road address. Last telephone listing for the house was for a Donald K. Winton, but that number had been disconnected.

Two Sausalito Autos Stolen

Two cars were reported stolen in Sausalito during the past two days.

Mrs. Earl Cummesky of 2 Circle Drive, San Rafael, reported that, between 11 p.m. yesterday and 12:27 a.m. today, her 1959 Austin Healey Sprite was stolen from the parking lot behind Gateway Inn, 621 Bridgeway, where she works as a waitress.

Mrs. Martha Ashley reported a 1953 Ford Sedan was stolen between 2 p.m. Sunday and 11 a.m. yesterday from in front of her residence at 204 Bulkley Avenue.

Youth To Be Tried In Jail Escape Case

James Albert Sprague, 20, is scheduled for jury trial July 2 in Marin Superior Court on a charge of escape from county jail on May 5.

Sprague, serving time for the Nov. 22 robbery of the 881 Club at 881 Fourth Street in San Rafael, allegedly fled from a jailer while being moved to another cell.

High Rise Meeting

The Larkspur City Council will meet at 3 p.m. tomorrow at City Hall to review plans for the Tamalpais Retirement Center, the 12-story residence development planned for Greenbrae. Plans have already received approval of the planning commission.

Art Lecture Set

Howard Slatoff, dean of students, dean of men and art professor at California State College in Hayward, will speak on the "Many Dimensions of Art" Friday at 8 p.m. at a public lecture for the Marin Society of Artists in the Frances Young Gallery in Ross.

Oakwood Plan Is Approved In Hub City

Land Planning, Inc., last night won San Anselmo Planning Commission recommendation for planned development zoning for the 71-unit Oakwood Terrace subdivision above Hawthorne Hills, although about 20 per cent of the proposed lots will cover less than 5,000 square feet.

The vote was 4-2, with commissioners James Murphy, E. L. Nordmann, Jerry W. Lloyd and Warren Perry in favor and Duane Ragan and John West opposed.

The commission avoided discussion of off-site development of roads and drainage, leaving that discussion to a later hearing on the subdivision of lots.

The average gross area per house will be about 13,000 square feet, but much of that land will be in open common areas set aside as Greenbelt. The smaller lots were located at the upper end of the valley, as far as possible from the present Hawthorne Hills residences.

The commission set a special meeting for 8 p.m. Monday at city hall to consider an aachitectural review ordinance, the city's sphere of interest and rezoning of the town center area to planned development zoning.

Civic Center Bonds Backed In Belvedere

The Belvedere City Council gave formal backing last night to the civic center bond issue which will go before voters on June 8.

The council vote was 4-0, with Councilman John R. Moore abstaining.

"I don't think it's proper for us to take a stand," Moore said.

The backing came at the request of Supervisor Peter H. Behr who urged support of the 7,250,000 bond issue to construct another wing of the civic center.

Larkspur Council Due Budget Plan

Larkspur city councilmen tomorrow will start formal discussion of a proposed $618,819 budget for fiscal 1966 in which City Mgr. Ronald E. Piper has asked for a 10-cent increase in the property tax rate.

The city this year levied a total property tax of $2.08 per $100 assessed valuation, including bond repayment and sanitary and library services.

Since the general fund tax is at the legal maximum of $1, Piper has suggested using a special 10-cent levy for the employee retirement program. Such a tax may be imposed by the council without a vote by the people.

The council session is set for 7:30 p.m. at the city hall.

The budget figure proposed is up 18 per cent from this year, partly because the city's new retirement program will be in effect for its first full year.

About half the budget increase, $45,958, will go for capital improvements, including construction of an addition to the city hall to temporarily house police department expansion. Other capital items include a new sewer main and street improvements.

Money has also been included in the manager's proposal to pay half the cost of replacement of a fire truck and for painting the city hall.

Piper asks that two new patrolmen be added to the police department, along with another patrol car, allowing two cars to be on patrol throughout the night. He also requests that an account clerk be added to the business office.

There is no recommendation for a pay raise for employees. However, Piper suggests that salaries be reviewed in January.

Major spending on streets would include extension of Dougherty Drive past Redwood High School to connect with Highway 101, purchase of right of way along the Northwestern Pacific Railroad, and improvement of the Magnolia Avenue-Bon Air Road intersection.

The budget calls for $11,000 for recreation, but the money has not been specifically allocated in the recommendation because of doubt whether the Larkspur-Corte Madera Joint Recreation Commission program will continue. The town of Corte Madera has so far refused to put up its share for the joint program.

NATO Officers To Tour Hamilton

Twenty-five NATO reserve officers, members of the Inter-allied Confederation of Reserve Officers, will tour Hamilton Air Force Base Saturday, as part of a five day visit to Bay Area military installations.

The group is on a three-week tour of the United States at the invitation of Defense Secretary Robert S. McNamara.

Little League Novato Plea Turned Down

The Novato Little League's requests for more than $6,500 in assistance from the city of Novato, including a $2,500 donation and construction of permanent rest rooms at 15 school yards which the league uses, were turned down by the Novato Parks and Recreation Commission last night.

Edward W. Adams, director of parks and recreation, recommended the refusal. He said expansion of the city's recreation program was preferrable to providing assistance to "any specific special interest group."

Adams reported that the city attorney had questioned the legality of the city donating $2,500 to the league's operating expenses.

Requests for the city to assume responsibility for maintaining the league's 15 diamonds and provide permanent storage facilities for the league's equipment also were refused.

The parks and recreation commission set a hearing on the preliminary budget for 8 p.m. next Tuesday. It approved a tentative budget of $21,555 for operation of the municipal swimming program for the 1966 fiscal year.

The commission also asked the city council to reconsider its approval of paying $500 from park and recreation funds for repair of a baseball diamond. The commission had recommended the repair cost be paid from the city's general fund.

Ross School Trustees Cut Budget By $2,300

The Ross School District board last night pared $2,300 off its tentative 1966 budget, bringing it to just below $346-000 and permitting an operating tax rate of $2.58 per $100 assessed valuation.

To achieve this, board members scrapped several programs including teacher raises—which had been considered for the next school year.

In its present form, according to Supt. William W. Monahan, the budget calls for a 13 cent special tax rate and a 30 cent bond redemption tax on top of the $2.58. Board members plan further budget study at their June 21 meeting.

Board members agreed to call for bids on renovating the school, a project made possible by voter approval of a $350,000 bond issue last September. Monahan said bids will be opened at a special meeting, probably June 8. Work is expected to start June 21.

Also approved was an agreement for the district to pay 60 per cent of maintenance on the town common, with the town paying the other 40 per cent. The town council expects to call for bids on the project soon.

To conform with the state education code, the board transferred the district's long-standing policy on corporal punishment from administrative to board policy. Monahan said the seldom-used policy permits corporal punishment when other discipline methods fail.

Town Council Unexpectedly Backs Joint Rec Program

The Corte Madera Town Council unexpectedly gave the Larkspur-Corte Madera Joint Recreation Commission a new lease on life last night.

After previously refusing three times to allocate funds voted 4-0 to contribute $3,400 to the summer recreation program. Councilman Norman R. Barnett, who had opposed giving any more support to the long-standing joint program, was absent.

The matter was not even on last night's council agenda, but was brought up by Councilman Albert E. Kogler, a member of the commission. He urged that the town should at least see the summer program through, and then debate the future of the recreation commission during upcoming budget sessions.

On May 4 and twice before, the council had turned down requests for a six-month allocation of $5,800 to help carry the twin cities' recreation operation through the rest of the year.

On April 20, Corte Madera voters turned down a six-cent recreation tax limit intended to be an indication of support for the cooperative program involving the two cities and the Larkspur School District.

Larkspur had already voted $3,400 and the school district agreed to a $630 share of the summer costs, Kogler said last night.

Kogler's short-range financing proposal met no arguments from the other councilmen present.

Humphrey To Talk On Equal Jobs

SAN FRANCISCO (AP) — Vice President Hubert H. Humphrey will speak in San Francisco June 10 at the Northwest Plans for Progress Conference on equal employment.

The conference is sponsored by the Plans for Progress program of the President's Committee on Equal Employment Opportunity and the Institute of Industrial Relations, University of California, Berkeley.

A key speaker will be Edgar F. Kaiser, president of Kaiser Industries.

Redwood Runoff For Seniors' Treasurer

In a close run-off election held yesterday during lunch hour, Redwood High School juniors selected Mary Bonelli, 17, as senior class treasurer for next fall.

The Belvedere girl garnered 78 votes to 72 for Sherrill Swan of Greenbrae.

Cash Stolen

Someone entered Larry Brink Motors Inc. at 433 Miller Avenue, Mill Valley, Sunday night by breaking a window to the women's toilet and removed $27 from a cash box in the office. The burglary was reported at 7:57 a.m. today by employee Richard M. Page.

Heat Wave Deaths

MONTEREY, Mexico (AP) — Monterey's annual heat wave claimed its 18th victim Monday. Three babies died of dehydration. All were under one year old.

Two Given Jail In Burglary Try

Robert Menges and Michael James Menge, both 18, were given six months in county jail yesterday by Judge Thomas F. Keating of Marin Superior Court for attempted burglary.

Sentence of Samuel Logan Koch, 21, was delayed until tomorrow pending determination whether he is eligible for a California Youth Authority sentence.

The three, all from Redwood City, were arrested by sheriff's deputies Feb. 18 atop the Santa Venetia Annex, 740 Adrian Way.

Say Plane Downed

TOKYO (UPI) — The Pyongyang Radio said gunners shot down a light U. S. reconnaissance plane over North Korean territory today. The broadcast said the single-engine L19 was on a scouting flight.

High, Low For U.S.

NEW YORK (UPI) — The highest temperature reported to the U.S. Weather Bureau yesterday, excluding Alaska and Hawaii, was 106 at Imperial, Calif. The lowest reported this morning was 22 at Butte, Bozeman and Missoula, Mont.

Hamilton Phones Face Changeover

Five thousand telephones on Hamilton Air Force Base will get new numbers at 2 a.m. May 30.

The changeover will be the first step toward a direct dialing system to the base which is expected to be in operation in one year, base officials said.

When the new dialing system is initiated, the base's telephone number prefix, 883, will precede all the new four-digit numbers and calls from outside the base will no longer go through the base switchboard but will be dialed directly.

Marin Highway Cash

Marin county received $71,-007.52 as its share of highway users taxes distributed last month, according to State Controller Alan Cranston. Statewide apportionments among the counties, cities and state totaled $38,-929,289.

½ cup beef bouillon canned or cube broth
1 cup Burgundy or Claret wine
½ lb. fresh sliced mushrooms

Preparation:
Use heavy skillet, saute' onions in fat or oil until brown. Remove onions and brown oxtails in same drippings, adding more fat or oil if needed. When oxtails are brown sprinkle with flour and seasoning. Add bouillon and wine, mix well and simmer very slowly for three hours. Return onions to skillet along with mushrooms and garlic, stir well. Simmer one hour or until meat begins to fall away from bone. Serves 4 to 6 people.

West Marin Master Plan Gets General Praise, Then Criticism

Continued from page 1

Bay Assn. spoke against development on filled land at the south end of the bay, saying surveys have shown 60 feet of mud over the bedrock.

Architect R. J. Evans, also a member of the association, added his challenge to the shoreline roadway concept.

The Inverness Improvement Assn. said the maximum density should be one residence per acre, not half an acre as recommended in the plan.

The Inverness group also objected to tidelands filling, the road on the east shoreline of Tomales Bay, motels in a "strip" development south of Willow Point, and proposal for commercial development north of the Golden Hinde Boatel.

Inverness Improvement Assn. favored inclusion in the plan of paths and trails and a community park in Inverness, but opposed the view that a green belt had been established west of Inverness by the national seashore.

The group said open area zoning was needed to protect the watershed directly above the community. It also recommended creation of a board of design to guarantee proper development in West Marin.

The Marin Coast Chamber of Commerce, in a letter signed by Emma Benevenga, president, opposed the relation of density to slope as "discriminatory" against property rights.

The plan recommends one-half to one-acre lots on areas with slope less than 10 per cent, three-acre lots on slopes of 10 to 25 per cent, four-acre lots on slopes 25 to 40 per cent, and five-acre lots on land over 40 per cent slope.

The plan would, however, permit cluster housing if these overall densities were preserved.

The chamber also opposed transit multiple zoning which is proposed for scenic areas where there could only be four motel units per acre and where bars, restaurants and other commercial services would be banned.

The chamber also went on record against "appropriation by designation" of zoning and suggested if open areas are to be preserved, it be done through public purchase.

The chamber letter also urge camp and camper sites in the plan since these are not contemplated within the national seashore.

Professional planner S. H. Williams, writing for rancher William Straus with 1,000 acres at Blake's Landing, said efforts should be made to preserve agriculture in the area.

Williams said it will be necessary, however, for Straus to sell a portion of his land if he is to continue ranching. Williams also opposed bay filling and the highway along the east Tomales shoreline.

The Bay Area Regional Water Pollution Control Board, in a letter signed by John B. Harrison, executive officer, raised the question of septic tanks, saying the board had seen no evidence of a study that would support the densities proposed with septic tank service.

Gordon Pusser of Marshall said lot sizes would have to be reduced out of economic necessity if septic tanks are not permitted.

The West Marin Plan was prepared by Harold and Mary Summers and Dan Coleman Associates. Coleman told the commission yesterday that the real issue in the plan is density and the matter of sewers is secondary.

Where cluster developments were allowed, he said, some sewer collection system will be necessary. He said he thought septic tanks would be adequate on lots of an acre and more, however, especially if an agency charged with controlling installation and maintenance should be established.

T. J. Kent Jr. of Inverness wrote opposing development on the Olema Flood Plain, asking for public beach from the Sea Haven bluff to Inverness and urging that agriculture in the West Marin area be preserved.

Frank P. Myer, who lives between Inverness and Inverness Park, said rising assessments have already doomed continuation of farming in the area.

Thomas Barfield of Bolinas, representing the Vedanta Society with 1,200 acres south of Olema, charged that the proposed alignment of Shoreline Highway in that area would destroy the society's usable land. He urged shifting the alignment to the east along the present route.

Clifford Hanssen of the Marin Conservation League generally praised the plan, speaking particularly in favor of riding and hiking trails, development of either Walker Creek of Chileno Valley dams for recreational lakes and preservation of the scenic quality of roadways.

The planning commission asked consultants to prepare statements on all the comments made yesterday and submit them prior to the next hearing, which was set for 2 p.m. July 19.

Novato Boulevard Job Low Bidder Is Named

Ghilotti Brothers Inc. of San Rafael was apparently the lowest of three bidders on a county job to realign and widen Novato Boulevard near the Bowman Gulch Bridge.

The firm submitted a bid yesterday of $11,379. Other bidders were E. A. Forde Co. of San Anselmo, $11,438, and A. J. Bresnan Co. of San Rafael, $13,533.85. The Marin County Board of Supervisors was to award the contract this afternoon.

Deputy County Counsel Resigns, Will Join Firm

Deputy County Counsel James F. Gustin will leave Marin County employment in August to join the San Francisco law firm of Bishop, Murray and Barry.

Gustin, a graduate of Hastings Law School, joined the county counsel staff in January, 1964.

County Counsel Dauglas J. Maloney, who announced Gustin's resignation today, said he will hold off on recruiting a replacement until after the supervisors complete review of the budget for his department.

Maloney said a fourth position is recommended in the budget, and if it is approved, he will recruit for two new deputies.

Marincello Plan First On Agenda

The Marin County Planning Commission agreed yesterday that the first public hearing on the Marincello Master Plan, slated for June 7, should be the first item on the agenda.

Ths means the hearing will begin soon after the commission meeting opens at 9 a.m.

Felix M. Warburg, acting chairman of the commission, also asked that the partition between the commission meeting room and the board of supervisors' chamber be removed to take care of the large crowd expected.

Quentin Death Row Population Now 54

The Death Row population at San Quentin Prison reached a record 54 yesterday.

Paul Eugene LaVergne, convicted for murder in San Diego County, is the latest arrival, reported Associate Warden Robert C. Loriano.

Trial Is Slated On Escape Case

Trial in Marin Superior Court of Louis Barton Pettijohn, 28, charged with work furlough escape from county jail and with passing a worthless check, was scheduled yesterday for June 15.

Pettijohn, of 42 Bolinas Avenue, Fairfax, failed to return from his work last June while serving a one-year sentence for passing another hot check. The current charge alleges he passed a worthless $110 check to buy a car at Sweeney's Used Car Lot, 439 Francisco Boulevard, San Rafael, last June 4.

Joint Meeting Set

Mill Valley City Council and Planning Commission will meet at 8 p.m. today to discuss the proposed planned community of Marincello. It is expected that the two agencies will make some recommendation to the Marin County Planning Commission, which will discuss the proposed city June 7.

CURRIED MEAT BALL CASSEROLE

1½ pounds small white onions
1 pound small carrots, halved crosswise
1 package frozen peas, thawed
2 pounds Jolly chuck, ground
1 egg
1 cup bread crumbs
¾ tsp marjoram
2½ tsp salt
¾ tsp Worcestershire sauce
⅔ cup milk
⅓ cup oil
1 pound fresh mushrooms
1 can cream of mushroom soup
¾ tsp nutmeg
¾ tsp bottled sauce for gravy
¾ tsp Accent
1 tsp curry powder
Fluffy rice

In a large saucepan, heat 1 inch salted water to boiling and add onions, carrots and cook covered 15 minutes or until tender-crisp; add peas and turn off heat. Meanwhile: Lightly mix Jolly chuck with egg, crumbs, marjoram, salt, Worcestershire, milk. Use a fork to do this to keep mixture light. Form into small meatballs and brown in hot oil in skillet. In same skillet, saute' mushrooms until tender—about 5 min. Remove and set aside. Heat soup with nutmeg, sauce for gravy and Accent. Add curry powder. Preheat oven to 400 degrees. Arrange drained peas, carrots, onions, mushrooms and meat balls in 3-quart casserole. Pour in soup mixture. Bake, uncovered, 25 minutes. Arrange rice around top edge of casserole and bake 10 minutes longer or until bubbly. Serves 8.

Council Votes Taranto Ouster

Irwin Taranto was ousted from the San Rafael Parks and Recreation Commission last night by 4-1 vote of the city council. The dissenting vote was cast by Mayor C. Paul Bettini.

The council two weeks ago voted to ask for Taranto's resignation because of statements he made during his city council campaign, particularly that he could "find nothing to be proud of in San Rafael except its wonderful people and its beautiful natural landscape that is about to be destroyed."

Taranto declined by letter to resign, saying his campaign statements had no bearing on his effectiveness as a commissioner.

He was present last night to repeat this and declare, "After this night a planning commissioner would hesitate to run against an incumbent for fear that if he was not elected, he would lose his position."

He was backed by Laurence B. Thomas, who was also an unsuccessful candidate last month—for board of education.

"I'm concerned about the posture of the council," said Thomas." . . . Your skins are pretty thin . . . It smacks of political retaliation."

Eric Colby, like Taranto a Terra Linda resident, also urged that Taranto be retained. "The presumption here is that the council is infallible," he said. "There may be some truth that maybe two or three members shouldn't be on the council."

Jack Atkin, also a Terra Linda resident, said he had served with Taranto on the Dixie School District citizen finance committee and "he's done an admirable job."

As he had done two weeks ago, Councilman Louis H. Bud Baar moved for Taranto's removal.

Councilman Charles W. Aby summed up the feeling of the council majority, telling Taranto: "If you truly believed the things you said when making your campaign, you could not serve the City of San Rafael effectively."

Baar Is Castigated For School Remarks

City Councilman Louis H. Bud Baar was castigated from the floor of the San Rafael City Council chamber last night for derogatory remarks about an unnamed group of San Rafael High School teachers.

R. V. Grew of 5 Elkins Court launched the attack, and was joined by Laurence B. Thomas of 163 Oak Drive, who was a candidate both for election and for appointment to the board of education.

Baar said at the May 3 council meeting, before the council voted to appoint Mrs. Anita C. Strom to the education board, that "apparently a small group of teachers are intimidating other teachers" at the high school, and that some things taught "couldn't be repeated in this room."

Grew, declaring he wished to go on record in support of the school, called Baar's statement "pretty loose charge."

"I personally feel very strongly our entire school district is a very fine district," put in Mayor C. Paul Bettini, who served 10 years on the board of education before his election last month as mayor.

Thomas said that "the city council was morally indignant" about scurrilous attacks on Mrs. Strom, "and rightly so." But then, he said, "the council turned right around and made the same kind of attack on the teachers."

Councilman Charles W. Aby interrupted to point out that only one councilman—not the council—had made the charge.

Baar admitted his information was from personal and telephone calls and said he had not himself investigated at the high school. He reiterated that he had turned over his information to the board of education and Supt. Bert C. Corona.

"I thought it was my duty to ask that this be investigated," he said, "and I think the school board and superintendent are the proper ones to investigate it. I am sure they will do so."

Councilman Harry A. Barbier said he had been told the same things Baar voiced at the May 3 meeting.

Novato Sets New Blood Donor Try

The mobile unit of the Marin Blood Center will be in Novato on June 17, sponsored by the auxiliary to Donald V. Westlund Post, Veterans of Foreign Wars, and the Presbyterian Church of Novato.

The sponsors hope to re-establish the unit's former schedule of trips to Novato which was abandoned in 1960 because fewer than 50 pints of blood were collected during the visits.

The mobile unit will be at the church from 2:30 to 6:30 p.m. Appointments may be made through the church or Mrs. Louis Cavallero of 154 H Lane, Novato.

Commissioners Split On Prior Decision

The Marin County Planning Commission yesterday split 3-3 on an application that involved "moral responsibility," action of a prior commission.

Being considered was the grading plan for Marin Highlands Unit 3, a 31-lot tract north of Vineyard Avenue on the west side of Novato. Developers are Roberts and Aguirre of Novato. Engineer is Carlos E. Gonzalez of San Rafael.

Planners, seeing the cuts and fill necessary for the slope development two weeks ago, postponed the matter until yesterday to give Gonzalez a chance to defend the plan.

Gonzalez said the layout was already passed by the commission when the tentative map for the tract was approved. He had to use the cutting and filling and even split-level lots in some areas to conform to the map.

Principle Planner David Van Pelt said this is an argument for seeing a grading plan before acting on the tentative map.

Commissioner Harry H. Helfetz argued that there was a "moral obligation" to approve the plan in order to keep faith with the developer and remain consistent.

Helfetz made this argument after agreeing that an earlier commission may have made a mistake.

Commissioner Eugene R. Trombley argued that commission now had the chance to correct a mistake and should do so.

Trombley, Felix M. Warburg and Hugh Dougherty voted against the grading. Commission Chairman Niels Schultz Jr. was absent.

Gonzalez said he would like to bring the matter up in two weeks when he had a "tiebreaker" on the commission. So the commission, after nearly an hour of debate, agreed to take the matter up again June 7.

The Marin County Planning Commission Also:

1. Approved Ray Friberg's plans for remodeling the front of Draperies Inc. at 1050 Redwood Highway, Alto.

2. Approved plans for re-siding and surfacing the exterior walls of Elwood's restaurant at 1450 Shoreline Highway, Stinson Beach. Harry Shurtleff is the owner.

3. Approved Doreen Nelson's plan to add five rooms to a care center for elderly persons at 1109 Sir Francis Drake Boulevard, Kentfield.

4. Granted architectural supervision as asked by Manuel Gomez for a four-unit apartment adjacent to Mill Valley and 180 feet south of Miller Avenue.

5. Approved splitting a 107-foot lot at 430 Montford Avenue, near Mill Valley, resulting in lots slightly less than 60-foot average minimum width. Neighbors protested the division.

6. Permitted St. Luke Presbyterian Church to dispense with a screening fence at the rear of its property at Bayview Drive and San Pedro Road in Bayside Acres, and to continue use of an old home for a Sunday school for three years provided it conforms with fire safety requirements.

7. Set first hearing on the Novato General Plan for 8 p.m. June 10 at the Novato Community Center. The hearing will be held jointly with the Novato Planning Commission.

8. Held first hearing on the Lucas Green Master Plan for development of 9.25 acres at the southwest corner of Highway 101 and Lucas Valley Road into a neighborhood shopping center with a market, bank, drugstore, service station and other facilities. Developer is Lucas Green Development Co.

9. Adopted a resolution of intention to adopt an ordinance that will require submission of development plans on substandard lots of less than 7,500 square feet as architectural approval matters.

10. Agreed that approval of roadside signs allowing the lettering to be changed) depends on conditions of the neighborhood. The board of supervisors had asked the commission to spell out restrictions.

11. Agreed that boarding up the exposed pole portion of pole houses in Marin City does not involve a deviation from the Marin City master plan.

Christian Home Talks Slated

First lecture in a series on a Christian home will be given by Dr. J. Lyn Elder, professor of pastoral psychology at Golden Gate Baptist Seminary in Strawberry, at 7:30 p.m. tomorrow at First Baptist Church of Novato.

Dr. Elder's succeeding lectures will be on "Husband's, Wives and God" Thursday, "Helping God Rear His Children" Friday, and "Homemakers of Tomorrow" Saturday, all at 7:30 p.m., and "Giving Your Home to God" at the 11 a.m. worship service at the church Sunday.

Pet Clinic's Safe Found On Hilltop

A safe which had contained narcotics, stolen May 9 from the Terra Linda Veterinary Hospital at 4230 Redwood Highway, San Rafael, was found Saturday dumped atop Tiburon Hill.

Thieves who broke the safe open left inside 14 checks worth about $165, said San Rafael police.

The safe was found by Gene L. Galland of 807 Spring Street, Sausalito, an employee of Embee Market, Boardwalk Shopping Center, Tiburon. He reported the discovery to Belvedere police, who notified San Rafael officers.

National Industrial Production Mark Set

WASHINGTON (UPI) — Industrial production in April reached a record 140.8 per cent of the 1957-59 average, the Federal Reserve Bank reports. The seasonally adjusted rate rose 1.3 points from March.

The Commerce Department's final estimate of the rate of the gross national product during the first quarter of 1965 was $648.8 billion — down from the earlier estimate. However, the department said corporate profits during the quarter were ahead of expectations at an annual rate of $62.6 billion.

Politicos Warned

LONDON (UPI)—The heavy defeats suffered by the British Labor party in local council elections last Thursday has brought a wave of warnings to Prime Minister Wilson from British banks and business leaders to go slow on new socializing measures or risk a fall.

Employment Rises

WASHINGTON (UPI) — Nonfarm employment rose by 726,000 in April, the Commerce Department reports. Manufacturing employment reached the highest seasonally adjusted total in 21 years.

DuPont Boosts Price Of Plastic Chemicals

NEW YORK (UPI)—DuPont Co. has cut the price of fine denier nylon staple by 7 to 17 cents a pound.

DuPont also has raised the price of tetradydrofuran and furan, intermediate chemicals used in making vinyl resins to 34.5 cents a pound in tank-car quantities.

Price Hike Posted

NEW YORK (UPI)—I-T-E Circuit Breaker Co. said it will raise prices 4 per cent immediately on a number of high-voltage porcelain insulators.

Exchange Management Ouster Urged

SAN FRANCISCO (UPI) — A Securities and Exchange Commission examiner recommended today that the entire management of the San Francisco Mining Exchange be removed for misconduct.

But James G. Ewell did not recommend that the organization, one of 14 securities exchanges in the nation, be closed as urged by the SEC staff.

In a 129-page report based on hearings in 1962-63, Ewell concluded that "a more pervasive and abysmal abdication of responsibility by officials of a quasi - public institution can hardly be imagined."

It was found that exchange officials had failed to file reports, concealed their control of traded issue, made false representations to customers, and flagrantly violated credit regulations for at least 10 years.

Management officials declined immediate comment on the examiner's report.

Airline Plans To Buy Planes

WILLIAMSBURG, Va.—National Airlines has exercised an option to purchase three additional Boeing 727 airliners.

The $15 million equipment order was announced by L. B. Maytag Jr., national president, following a board of directors quarterly meeting here.

National, as an applicant in the Pacific Northwest-Southwest service investigation, is seeking to serve Seattle/Tacoma via the intermediate cities of Dallas/Ft. Worth, San Antonio, Salt Lake City and Portland over a proposed extension of its route from Houston.

The board also declared a cash dividend of 20 cents per share on the common stock payable July 8 to stockholders of record June 18.

Dow-Jones Elects

NEW YORK (AP)—Dow Jones and Co. announced the election of William F. Kerby, executive vice president, and Buren H. McCormack, vice president and general manager, to its board of directors.

Losses, Gains Fractional In Slack Market

NEW YORK (AP) — The stock market showed a mixed pattern at the close today. Trading was slack. Most gains and losses were fractional.

Selling appeared to dry up and prices improved selectively from the early decline.

Xerox rose 2, and High Voltage Engineering, Illinois Central and IBM a point or better.

Fractional losers included U.S. Steel, Chrysler (ex-dividend), American Telephone and U.S. Smelting.

Volume for the day was estimated at 4.8 million shares compared with 4 million yesterday.

Here was the picture near the close:

Gains and losses of fractions to a point prevailed among key stocks. There were wide moves along higher-priced issues and some of the secondary stocks.

DuPont, a big factor in Monday's decline, weathered an early drop of a point and a half and came back to show a fractional net rise.

Losses of other pivotal issues were slight as selling dried up. Fractional declines were shown by General Motors, Sears, Roebuck, United Aircraft, Union Carbide and Westinghouse Electric.

Down a point or more were IBM, Avon Products, Lockheed and National Steel.

Rock Island Railroad was down more than 2 in reaction to a dividend omission.

Pet Milk climbed about 3 points on news of a stock split proposal and hiked dividend.

General Tire looked like the day's volume leader as it climbed about a point. Also active was Varian Associates, ahead a fraction.

As the session wore on, more gains appeared. Up about a point were Montgomery Ward, Zerox, Garlock, Kerr-McGee Oil, Manhattan Shirt, Nopco Chemical, Revlon and Northrop.

Paramount Pictures ran up a couple of points. J. C. Penney fell more than 3.

Prices were mixed in active trading on the American Stock Exchange.

Corporate and U.S. government bonds were mostly unchanged. Trading was quiet.

Dow Chemical Expansion Set

PITTSBURG—The Dow Chemical Co. plans to spend more than $2 million this year in expanding the company's chlorine and caustic soda production facilities here, it was announced by Leland A. Doan, general manager of the company's western devision.

Doan said the expansion program is expected to be completed early next year. The program includes major expansions of the diaphram and mercury chlorine cells.

The chlorine expansion project is expected to be completed by Dow during the past year. Other expansion programs are underway in Dow plants at Plaquemine, La., and Freeport, Tex.

Painting Sells For $26,500

LOS ANGELES — Sears, Roebuck has announced it has made its largest single item sale in its 78 year history—a painting valued at $26,500.

Arthur M. Wood, vice president in charge of the Pacific Coast territory, disclosed that the painting, "The Road In," by Andrew Wyeth, was purchased for cash by an Orange County resident from the Vincent Price collection of fine art during an exhibit at the company's Buena Park retail store.

The previous record purchase from Sears was an 8.15 karat diamond valued at $22,000 and sold last year in Los Angeles.

Strawberry Center Bakery Set; Gun Service Will Be Offered

Now planned for the Strawberry Town and Country Shopping Center is **Walthers Bakery** — which probably will delay its opening until sometime in July.

Owner **Horst Walthers**, who has operated the Mighty Nice Bakery in San Francisco's Mission district for more than three years, says he will have a complete line of bakery products. "But two stores is too many," and after the Strawberry outlet is opened he intends to give up his place in San Francisco and move his home to Marin County.

FULL-TIME GUN SERVICE—Repairs, rebarreling, rechambering, accuracy work, glass bedding and other jobs — will be handled by a new department of **Western Sport Shop**, San Rafael.

Owner **Eugene L. Thompson** has remodeled about 1,000 feet of store space for the project and has acquired the services of professional gunsmith **Daniel T. Byrne**, of Mill Valley.

Byrne was trained as an armorer when he went in the Army in 1942. Since his discharge from service he has spent 16 years as a gunsmith, from apprentice to journeyman, in private employment. First with King Gun Sight, San Francisco, and more recently with Micro Gun Sight Co. in Belmont. The long daily commute has caused him to move his tools to Marin County.

The new department will open about June 1 — which gives deer hunters time to iron out their gun problems before deer season starts. Byrne is versed in all types of weapons.

Johnson outboard motor department at Western has also been remodeled and improved. Manager here is **John Proffitt.**

JARO STEPHAN of San Rafael has been appointed a director of design by **Design-Planning, Inc.**, San Francisco. He was formerly a senior interior designer with W and J Sloane and has been active in this field in both the Bay Area and Southern California.

PATRICIA (PAT) REYNOLDS of Tiburon is now associated with **Price Hall Public Relations,** San Rafael. A native of Connecticut and advertising-trained in New York, she has lived in Marin about four years and has been a free lance copywriter on various accounts here. She will be an account executive with Hall.

ON DISPLAY this week at **Lachman Bros.** home furnishings store in San Rafael is a collection of original oils by such masters as Degas, Picasso, Miro, Dali, Utrillo and Toulouse Lautrec. In addition, the store has imported over 200 framed oil paintings which will be shown. Guest experts will be on hand Friday and Saturday afternoons and Friday evening with information on art and interior decoration.

EARL FARNSWORTH of **Pierce-Hardin Van and Storage, Inc.**, San Rafael, reports that North American Van Lines, for which the local firm is agent, has installed mobile telephone units in vans serving the carrier's newly formed electronics division. This division is made up of drivers and rigs handling key defense and priority shipment. Communications installation ties in with the telephone system, enabling drivers to keep in constant touch with dispatchers.

MRS. JOHN H. KLLEIN, who has been on the staff of the **Three R Schools** for the past three years, is taking a group of girls (ages 8-12) on a three-week trip to Hawaii, June 18-July 10. The trip is planned to be recreational, educational and cultural.

Group is limited to 15. Qualified assistants will accompany it in a ratio of not less than one adult to three girls.

Mrs. Klein lived in the Islands 14 years and participated in private schools, managing and teaching. Contact her after 3:30 p.m. at her home at 825 Las Gallinas Avenue, San Rafael.

TWA Planning New Low Fares

NEW YORK—Effective June 3 TWO will introduce the lowest afres in U.S. jet history.

Under TWO's new "family style" fares the head of the household will pay full coach fare but his spouse or child age 12-21 will pay only two-thirds and each additional child ages 2-21 regardless of number, will pay only one-third.

The fares, Monday noon would reduce the transcontinental jet coach fare for example, from $108.85 for eligible dependents to only $48.40.

A Strange Finish In The Preakness

I always thought if I were a race rider (I miss by 95 pounds) in one of the Triple Crown races, I'd take a gun along. I swear they wouldn't take your number down if they had to give you your winning loving cup in Death Row.

People will do a lot of things for $100,000. Snatching a saddle cloth, closing a hole on the rail, or even knocking a rival jock into the Goose Girls' rowboat.

They've had some bare-knuckle rodeos in the Kentucky Derby that would get two guys thrown out of a waterfront bar if they weren't doing it on horseback. The clubhouse turn in the race sometimes looks like a Notre Dame scrimmage. I saw Bill Shoemaker and Bill Boland come down to the finish line one year like two women aiming for the same bargain counter on Dollar Day.

THE PREAKNESS last Saturday was a case in point. I only saw the race on television but I almost dropped my gum when I saw the move the winner made in the stretch. For a minute, I thought the horse had bolted to the infield. Next, I thought he was going to lasso or bulldog the horse coming up on the inside of him.

The horse on the inside was a luckless colt named Dapper Dan. Dapper Dan is a late-running dude you could ride sidesaddle in the early part of the race. But when the other horses start looking for a place to lie down, he's just begun to get in the spirit of the thing. He starts going by horses like a train passing telephone poles.

NOW, THE RACE Saturday was cleanly run. The stewards said so. They paid off on No. 8. So the state of Maryland says so. The race writers agree. The winner, Tom Rolfe, never touched the place horse, Dapper Dan. Right? So, how can you foul a horse without touching him?

There are jockeys riding around in Cadillacs who could tell you. The oldest trick in the world on horseback is to swerve a tiring horse ever so delicately into the path of an oncoming late-bloomer to make him falter that precious step in the stretch. A Calumet mare named Miz Clementine did it one year in the Santa Anita Maturity. And when she got her number taken down, Calumet Farms never forgave the racetrack.

It's known as the "invisible" foul. The only one who gets a real good look at it is the horse. Jockey Ismael Valenzuela was just shopping for a price when he lodged a foul claim at the Preakness Saturday. He knew he was 90-1 on the morning line to get it.

WHAT HAPPENED was that once Tom Rolfe and rider—a Canadian named Ron Turcotte who had more openings slammed in his face in the Kentucky Derby run than a door-to-door salesman with a dishonest face—found themselves in front in the race, they obeyed the first law of the racetrack: stay there.

He dropped over what appeared to be a full 30 feet on the onrushing Dapper Dan. Valenzuela must have had visions of suddenly finding himself in downtown Baltimore but Turcotte didn't have a runaway horse on his hands. Dapper Dan must have been really confused suddenly to see a horse running sideways on his whipping side.

I guess the pictures showed Dapper Dan never broke stride, or winced or began to look around nervously for an escape hatch. But I have seen horses panic at the sight of blowing papers, unexpected shadows, sudden crowd noises. What do you suppose a blowing horse would do to his running rhythm?

MAYBE TOM Rolfe could have outrun him in a straight race to the wire. All I know is, he didn't try. Jockey Turcotte had the rider's explanation. He was "looking for footing." I don't know how he knew it was better by the rail. He hadn't been there all day.

You're always "looking for footing," or "trying to straighten the horse out." Your horse is always "rank." Your trick never is. Apparently, Milo Valenzuela was the only guy in Maryland who didn't buy the excuse. Maybe because he's used it himself.

I don't care who they give the $100,000 to. But I sure wish Tom Rolfe had stayed where he was in the track and run with that other horse. All I know is, if I'm concentrating on hitting a pitched ball and out of the corner of my eye I see the catcher—or the umpire—suddenly threatening me with a waving stick—well, I just might miss the pitch.

I ALSO NOTICED Eddie Arcaro on the tube announcing the finish had trouble controlling his mirth. Before the race he had observed quietly of Tom Rolfe's ride in the Kentucky Derby, "If I had that much horse under me, I'd think I might loop the field (run to the outside)." Tom Rolfe did. He stayed out of heavy traffic.

But I noticed Eddie also comforted Ron Turcotte in the winner's circle. "Well, you gotta make it a little tight for all that money, eh?"

Well, what do you want, a race or a duel? If it's gonna be a duel they ought to give all those jocks lances and do it the right way. Make them REALLY fight for that hundred grand.

Indy Racers Having Tire Troubles

INDIANAPOLIS (AP) — Tire experts and race officials struggle today with problems of rubber and rules that might keep several already-qualified cars from starting the 500-mile race May 31.

Cars that might be affected include the No. 1 Sheraton-Thompson Lotus-Ford, which defending 500-mile champion A. J. Foyt of Houston qualified Saturday at a record 161.233 miles an hour.

The trouble started yesterday when the tires on Foyt's car threw chunks of tread during an endurance run at the Indianapolis Motor Speedway. Rookie Billy Foster of Victoria, B.C., and Don Branson of Champaign, Ill., had similar experiences. All were running on Goodyear tires.

Rules require that a car must run in the race on tires of the same make and specifications as those used in qualification.

Bill Neely, spokesman for Goodyear's racing division, said, "If we can't find the answer, we'll have no choice but to ask that our tires be withdrawn from the race."

(The cars designed by Joe Huffaker of Novato used Goodyear tires last year, but this year Huffaker switched to Firestone).

The U.S. Auto Club had no immediate comment on the situation. Harlan Fengler, chief steward for the race, said, "We'll have to take a closer look at the problem before we can make any kind of a decision."

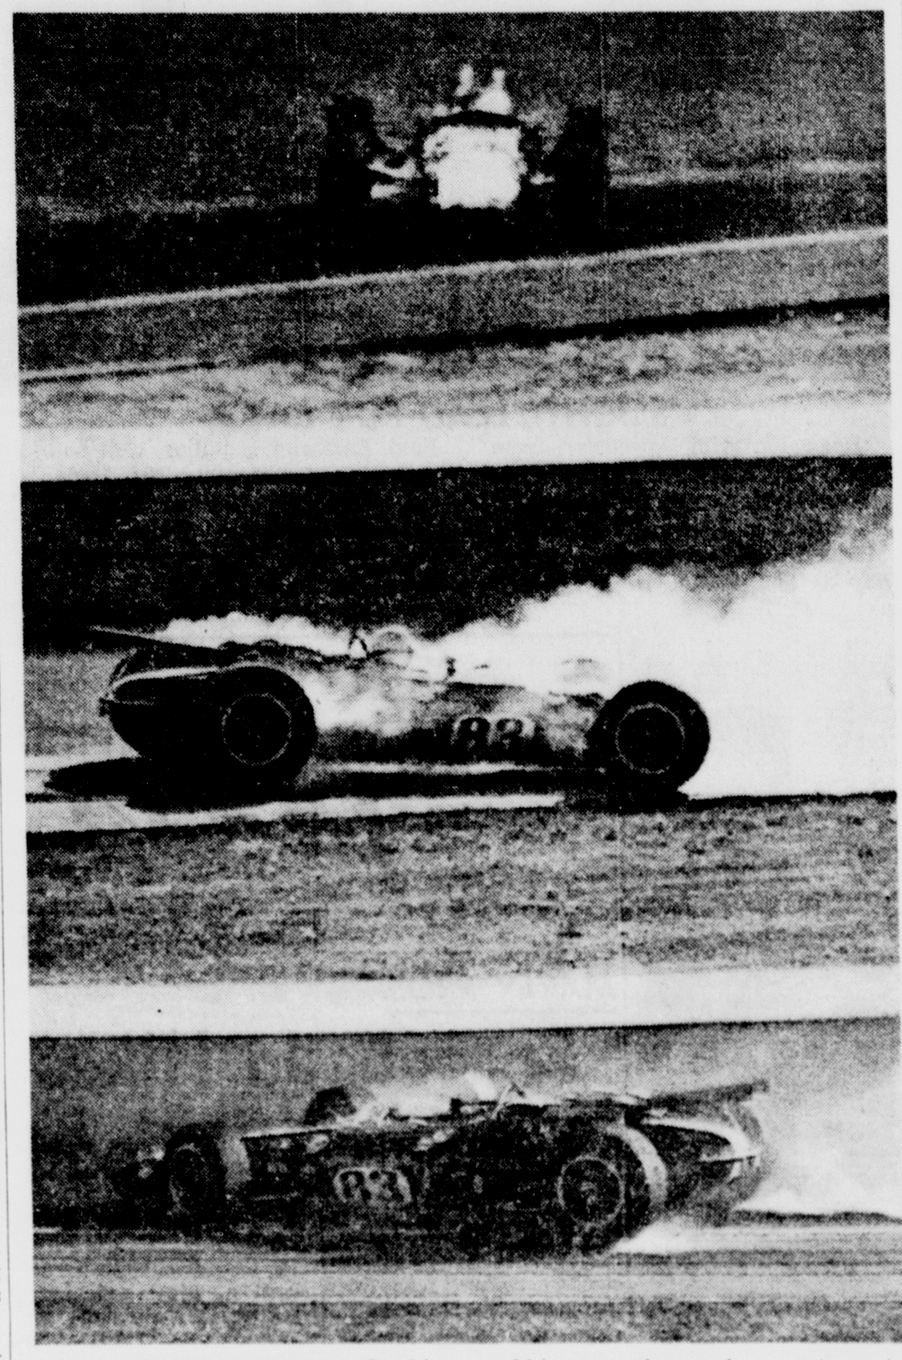

Eight of the 21 cars already qualified for the race ran on Goodyear tires.

Elimination of the cars would not bar the drivers from the race, but they would have to find other cars and go through the qualification process again next weekend.

Foyt was running on new tires with stiffer springs and a heavier load than he carried on his qualification run. He went out later yesterday with the tires he had used to qualify and ran 20 laps without difficulty.

Foyt had the high practice speed of the day at 158.945 miles an hour. Rookie Mario Andretti of Nazareth, Pa., was the next fastest at 156.250.

Three rookies — Mel Kenyon of Davenport, Iowa, Greg Weld of Kansas City and Bobby Johns of Miami — spun in practice runs but were not injured. Only Kenyon brushed the wall, and the damage to his federal engineering Offenhauser roadster was not heavy.

QUICK TURNAROUND — Rookie driver Bobby Johns of Miami, Fla., did a quick 360 degree turn (pictured top to bottom) after losing control of his car in the number one turn at Indianapolis Speedway yesterday. Johns, driving a Lotus-Ford, made a complete recovery and drove back to the pits. (UPI Telephotos)

Dodgers Nip Cards; Phillies Edge Astros

By DICK COUCH
Associated Press Sports Writer

Tony Taylor will never win the Fireman of the Year Award but the Philadelphia second baseman rates the Side Pocket Plaque today for saving Bo Belinsky's first National League victory.

Belinsky, the Phillies' pool-playing southpaw pitcher, topped the St. Louis Cardinals 2-1 last night with a full-route five-hitter and a couple of vital eighth-inning assists from Taylor.

The little Cuban homered off Philadelphia nemesis Curt Simmons in the top of the eighth, giving Belinsky a 2-0 margin. Then, with one St. Louis run in and Bo on the ropes in the bottom of the inning, Taylor's perfect relay throw cut down the tying run at the plate.

Sandy Koufax, working longer and harder than Belinsky for his fifth 1965 victory, singled to start a four-run rally in the 11th inning that carried the Los Angeles Dodgers past Houston 5-3 in the only other National League game.

"I'll start going now," Belinsky, 1-2, said after completing his first start in six tries. "Sure, I've had trouble in the late innings but you have to be a little lucky when you get past the seventh."

Bo was working on a two-hit shutout when the Cardinals came alive with one out in the eighth. Pinch hitter Phil Gagliano singled, took second on a passed ball and scored on Lou Brock's single. Curt Flood followed with a double to the right field corner but Johnny Callison fired to Taylor, whose strike to catcher Gus Triandos nipped the speedy Brock at home.

Dick Stuart knocked in the first Philadelphia run with a first-inning double as the visitors snapped St. Louis' four-game winning string and beat ex-Phillie Simmons for only the third time in 19 decisions since he began his comeback with the Cardinals five years ago.

Koufax, who allowed three hits and struck out 13 through the first 10 innings of a 1-1 duel with Houston's Bob Bruce, needed relief help from Bob Miller in the 11th after scoring the tie-breaking run in the top of the inning.

The Dodgers' ace singled with one out, moved around on Maury Wills' single and a walk to Wes Parker and scored as Ron Fairly beat out a hit off reliever Hal Woodeshick's leg. When second baseman Joe Morgan picked up the ball and threw wildly to first, Wills also scored.

Morgan then uncorked another wild throw on John Roseboro's grounder and two more runs crossed, giving the first-place Dodgers their winning margin.

The Astros fought back in the bottom of the 11th, scoring on singles by Morgan and Bob Aspromonte around a hit batsman and knocking out Koufax. Miller came on and retired the side, the Astros third run counting on a ground out.

Harada Wins Bantam Title From Jofre

NAGOYA, Japan (AP) — Japan's Masahiko (Fighting) Harada won the world bantamweight boxing title from previously unbeaten Eder Jofre of Brazil tonight on a 15-round split decision.

The narrow victory was a major upset for Harada. Jofre had never before lost, winning 46 and drawing in three since become a pro in 1957.

The 29-year-old Brazilian went into the ring with a string of 16 straight knockouts and was favored to score another in his ninth fight for the bantam title.

However, the 21-year-old Japanese upset all predictions.

Harada weighted 117¾ pounds, while Jofre came in at the division limit of 118.

Referee Barney Ross of the United States, a former world champion, scored it 71-69 for Harada. Judge Masao Kato of Japan had it 72-70 for Harada and Jay Edson of Phoenix, Ariz., called it 72-71 for Jofre at the end of a fast, gruelling and exciting contest before 10,000 fans at the Aichi gymnasium.

The Associated Press scored it 71-69 for Harada.

There were no knockdowns.

The crowd went wild when Jofre walked with a tired smile to Harada's corner and raised his arms. Pandemonium erupted in the ring as the new champion's handlers lifted him into the air.

WANTS STARTING ROLE

Let Me Out Of Bullpen, Says Giants' Bob Shaw

SAN FRANCISCO (AP) — Bob Shaw, winner of his first 1965 start, wants to escape the bullpen.

After laboring as a reliever the past two seasons—in Milwaukee and San Francisco—the self-assured right-handed veteran says:

"I think I'm best suited to start."

He may get more chances this baseball season to prove his diagnosis even though the Giants obtained him from the Braves after the 1963 season as a stopper.

The Giants opened a three-game series in Chicago today.

First, the San Francisco starting rotation isn't yet set and, secondly, the Giants in the past two weeks have landed a couple of relievers—Bill Henry in trade from Cincinnati and Masanori Murakami after settlement of a dispute with a Japanese team.

The two are southpaws. But right-handed fireball thrower Bob Bolin has been a reliever in his last seven appearances. Frank Linzy, with Tacoma last year, has also turned in some good relief jobs.

"The way I look at it, a good reliever must either have a great fast ball or some unorthodox pitch," says Shaw. "I don't overpower hitters and I don't have an unorthodox pitch."

A reliever's prime job is to get the next batter out, and Shaw adds in his self-appraisal:

"Even when I started, I always seemed to have trouble early. Once I get started, I seem to get rolling."

When he had his starting assignment against Houston on Sunday, he gave up hits to the first two batters, then retired the side and pitched shutout ball until Jim Wynn led off the seventh with a homer.

When John Bateman led off the eighth with a single, Shaw went out, but was the winner as the Giants took a 4-3 decision.

It was the longest he's gone since 1963 and the pitcher observed: "I felt good, yet I started dropping my elbow and made some high pitches. If I'd been watching, I'd probably analyze myself as getting tired."

Shaw posted an 18-6 record with Chicago's White Sox when they won the American League pennant in 1959 and had a 1-1 World Series record. Traded to Milwaukee in 1962, he continued as a started and was named to the National League all-star team.

The next year he went to the bullpen when the Braves needed relief help.

The 31-year-old appeared in 61 games for the Giants last season, only once as a starter—in a game he lost. He was effective the first half of the season, but sagged in the later months, finishing with a 7-6 record.

San Francisco wanted to slash his salary from $38,000 to $30,000. Shaw held out until agreement came at $34,000. He suggested he'd like starting assignments.

His first nine appearances were in relief. Then he got his start. Manager Herman Franks appeared satisfied with the performance. So Shaw may get his wish some more since the Giants are heading into a stretch of 21 games in 20 days after having yesterday off.

Nicklaus Is Top Earner

PALM BEACH GARDENS, Fla. (AP) — Jack Nicklaus is still the top money winner in professional golf this year, with $49,688 in official and unofficial earnings.

The Professional Golfers' Association in a report yesterday credited Nicklaus with $38,900 in official PGA sanctioned tournament earnings, followed by Doug Sanders with $37,166 official and a $47,115 total.

Nicklaus has won one of nine tournaments he entered and Sanders won two of the 17 he started.

Dick Mayer, winner of $20,562 in the Greater New Orleans Open Sunday, was ninth on the list. His total winnings are $21,462.

Bruce Devlin was listed third, with $31,695 in official and $24,339 in unofficial earnings.

The standings, including the Greater New Orleans Open:

Aussies Dominate Pro Tennis Tourney In L.A.

LOS ANGELES (AP) — Australia dominated first day play in the Masters Round - Robin Tennis Tournament, with Mal Anderson defeating fellow-countryman Ken Rosewall 12-10 in singles play.

About 1,100 fans turned out yesterday for the first round activity in the eight-day tourney at Pan Pacific Tennis Stadium.

Rosewall, third-seeded player for the tourney, is currently the world's defending champion tennis pro. Anderson is undefeated.

In the second match, top-seeded Rod Laver, also of Australia, defeated Alex Olmedo of Encino, Calif., 10-7.

Luis Ayala of Chile handed a 10-4 defeat to Mike Davies of Los Angeles.

In doubles play, Pancho Gonzales of Los Angeles and Andres Gimeno of Spain defeated the team of Rosewall and Earl Buchholz of St. Louis, 10-8.

The pro tour swings to Marin County next week with the International Pro Tennis Tournament at Peacock Gap, May 27-31.

Chisox Win 8th Straight; Yankees 10 Games Behind

By ASSOCIATED PRESS

A year ago today, the New York Yankees were 10 percentage points behind the Chicago White Sox. Today, the Yankees are 10 games behind.

The White Sox are in the same position they were in 1964 — first place in the American League. But the Yankees are nowhere near the second spot they held down at that time. They are in eighth place.

Chicago continued its torrid play by clobbering Kansas City 13-2 last night for its eighth consecutive victory. The Yankees, on the other hand, continued along their floundering way, dropping a 9-2 decision to Baltimore.

The pitchers for the Yankees and White Sox more or less typified the teams' 1965 fortunes.

New York's Whitey Ford lasted only four innings against the Orioles en route to his fourth straight defeat. At this time in 1964, the 36-year-old left-hander had started eight games, completing five for a 4-1 record and a 1.66 earned run average.

Ford currently has completed only one of eight starts and owns a 2-5 mark with a 6.07 ERA.

Gary Peters, however, is slightly ahead of his pace of a year ago after going the distance for the first time in seven starts. The victory against the Athletics brought his record to 4-2 and 3.60.

In 1964, the 28-year-old southpaw had not completed a game in seven starts while posting a 3-2 mark and a 3.73 ERA.

The Yankees wound up winning their fifth straight pennant last season, and it certainly is too early to say they won't make it a sixth time this year. Ten percentage points, though, can be wiped out in one night. It takes a little longer to erase 10 games.

In the only other AL game last night, Los Angeles edged Minnesota 5-4 in 10 innings.

Peters scattered eight hits in handing the Athletics their first loss after two triumphs under their new manager, Haywood Sullivan.

Floyd Robinson, Pete Ward and Ken Berry led the White Sox 16-hit attack, each slamming a home run.

Drake's Glodnis Tops Marin Prep Batters

Shortstop Tony Glodnis of Drake tops the batters in the Marin Athletic League with a .467 mark going into today's baseball action. Other .400 hitters in the league include Fred Daniele of Terra Linda, .429; Ken Lampert of San Rafael, .423, and Al Simontacchi of Drake, .412.

Drake also has the top RBI man, Don Humphrey, with 9.

Along the pitching ranks, John Dolinsek of Novato and Jim Garrett of Redwood top the percentage figures with 2-0 records. Scott Murphy of Redwood has the most wins, 6.

Although Drake leads in team batting with a .268 mark, league leading Redwood moved up from .206 to .260 after last week's two victories.

Today schedule is Drake at Novato, San Rafael at Redwood, and Marin Catholic vs. Terra Linda at Albert Field, all games starting at 4 p.m.

MARIN PROS

Boccabella Hikes League RBI Lead

John Boccabella continues to slug the ball and Steve Miller keeps mowing down batters, according to the latest report from Player Periscope of Novato.

Boccabella of San Anselmo, first baseman for Fort Worth of the Class AA Texas League, kept his league runs batted in lead when he knocked in three runs in the last reported week to push his total to 24 so far this season.

Boc collected seven hits in 20 at bats, including two homers and a double, to bat .350 for the week. In 94 at bats he has collected 27 hits, including 6 homers and 5 doubles. His batting mark was boosted to .287 as he nears the coveted .300 mark for the Chicago Cubs farm club.

Miller, another San Anselmo product, kept his earned run average below 1.00 for for Cocoa of the Florida State Rookie League. The fast-balling right-hander pitched seven innings and allowed only three hits, but still suffered a loss. In that game he walked 5, but struck out 11 for the Houston Astros farm club.

For the season, Miller has appeared in 29 innings and is averaging exactly one strikeout per inning. His record is 1-1 and his ERA is a lowly 0.97. He has allowed 9 hits and has walked 22.

Ron Cole of Mill Valley, a pitcher for Durham, N.C., of the Class A Carolina League, another Astros farm club, has thrown only three innings of one game so far this season, and has given up 5 hits, no walks, and has struck out 5. His earned run average is 3.00.

Gerry Ard of Fairfax, reserve shortstop for Cocoa and teammate of Miller, had 1 for 4 for the week to boost his average 43 points to a still anemic mark of .154. He has 2 hits in 13 at bats so far this year.

ROD, GUN NOTES

Stirling Named Veep Of MRGC

John Stirling was unanimously elected vice president of the Marin Rod and Gun Club at the last meeting of the club's board of directors.

Stirling will replace Judge Leonard Thomas who resigned the position last month. The vacancy on the board of directors was filled by the election of Bob Friman of Ross.

JOHN STIRLING
New vice president

THE REGULAR May membership meeting of the MRGC will be held Friday at the clubhouse at Point San Quentin, starting at 8 p.m.

In addition to regular business, a western travel film will be shown and refreshments will be served.

MRGC WILL accept a bid of $5,016 from Duncansen and Harrelson to furnish and drive 27 creosoted piles needed on the club's fishing pier at Point San Quentin.

The piles will be placed between the keeper's house and the square and they will replace piles weakened by time, weather and the action of marine life.

MEMBERS OF the Northwoods Bowmen's Club of Marin placed high in the Northern California Field Archery Tournament held recently at the Southeast Bay Area Archery Club in Castro Valley.

John Perry finished second in the highly contested Barebow "B" Class. Merle Hicklin of Kentfield won the barebow "D" Class.

The tournament was the first round of eliminations before the California State Archery Championship Tournament to be held in Fresno on June 5 and 6.

Other Marin archers getting by the first elimination tournament were Norman Grisez and wife Terry, Dick Valentine of Novato and Ralph Moore of San Rafael.

To qualify for the state finals, the Marin archers will have to get by the semi-finals at the Redwood Bowmen's range Sunday in Oakland. This sectional elimination tournament will include archers from the Bay Area north to the Oregon border and east to the Nevada border.

MONTY MARZETTA, membership chairman of the Marin Rod and Gun Club, reports that the following candidates have been screened and are recommended for membership by the committee: Benjamin Gartman, John Yeofoli, Edward Fontana, Ben T. Hicks, Fred W. Okey, Joseph A. Jackson, John F. Harris and Gregory A. Dunn.

RAY AUGUSTO, chairman of MRGC family dinner committee, announced that the next family dinner will include a masquerade party with prizes for the best costumes.

The dinner will be held Saturday starting with a social hour at 6 p.m. at the Marin Rod and Gun Clubhouse at Point San Quentin.

The $2 adult tickets and the $1 junior tickets are available at local sports shops or may be obtained from Paul Ware Sr., 14 Taylor Street, San Rafael. The dinners are open to the public on tickets purchased at least two days prior to the dinner.

The date for the MRGC annual Summer Picnic has been set for July 25.

Ray Augusto, Lou Crottigini and Mil Zell head the committee which will run this big affair that attracts sportsmen and fun lovers from all over the Bay Area.

DR. VICTOR L. Loosanoff, senior scientist of the Bureau of Commercial Fisheries at the biological laboratory in Tiburon, will be the guest speaker at the May 25 meeting of the Women's Auxiliary of Marin Rod and Gun Club.

Loosanoff's subject will be, "Marine Conservaiton and Its Role in the Future of Humanity." His talk will be accompanied by slides. Also at the meeting, Emmabell Herak will present this year's club scholarship winner, Ritchie Charles Weers of Novato High School.

A trout fishing party is planned by Ruth Smith, fishing chairman, at Lake Lagunitas on June 1, starting at 9 a.m.

Gladys Bernard, president, announced the second of a series of dessert socials will be held at the clubhouse, Point San Quentin, June 16 from noon to 4 p.m. Reservations can be made with Ella Mae Santos and Daisy Briscoe.

Good News For Salmon Anglers: Fish Located Near Farallones

STEVENS

Good news for the salmon seekers: The fish that departed the hot spots a couple weeks ago apparently have been re-located about seven or eight miles northeast of the Farallones. Action is still not as fast as it was during those halcyon days of yesterweek, but certainly much better than for the past two weeks. Tony Caruso of Caruso's harbor at Sausalito reported most of his boats made the grade on Saturday with the Gina Marie (20 salmon to 15 pounds) and the Marion (22 to 22 pounds) leading the fleet. Hal Boenner of the Lee Anderson salmon fishing headquarters in Oakland reported the Sea Horse netting 10 salmon to 20 pounds, Miss Dragnet with 9 to 30 pounds, Whirlaway with 9 to 20 pounds and the Hazel B with six fishermen brought in 10 salmon to 20 pounds.

I COULDN'T contact Dave Kinley of the Evie K, but was told that he also scored. I mention the Evie K and Dave Kinley especially because, like the skipper of the Hazel B, Dave limits his crowd, and many avid anglers prefer the small load.

The Lucky Ace, working from Lee Anderson's, took a rock fishing party out on Saturday, Hal Boenner reported, and sure gave his party a variety. The skipper, Al Mellan, reported 21 rockfish, 10 kingfish, 2 halibuts and 82 flounders to 5 pounds. Quite a haul, huh?

INCIDENTALLY, Hal Boenner with Herman Furlow tried their luck fishing for trout in Lake Bon Tempe. Each brought home limits of fair sized fish on Thursday. Herman paid a return visit to Bon Tempe and again took his limit on Saturday.

AS I predicted, striper striving in the local areas, the lower bay, San Pablo Bay and adjacent areas were very stingy with the bass, but the San Pablo Bay from China Camp to the Carquinez Bridge yielded many sturgeons. Alice Quan reported seven nice sturgeon unloaded at her place on Saturday. Fish ran to 60 inches although most of them measured about 45 inches. All seven were taken on grass shrimps.

AN UNVERIFIED rumor came in that quite a few bass were taken by shore fishermen in South Bay. I was told that blood worms and pile worms proved the best baits.

ROD-GUN CLUB STARTS OWN PUBLICATION

Marin Rod and Gun Club has started its own monthly newspaper for its 2,400 members.

The tabloid was an insert in the May 14 issue of Pacific Out of Doors, a weekly newspaper published in San Francisco. The club announced that members will receive the MRGC newspapers on the second Friday of each month in the mail.

President Milburn N. Zell of San Anselmo said that members do not have to be subscribers to receive the publication, but $1.75 for the 50 weekly publications of the Pacific Out of Doors would "help to reduce our mailing cost."

Redwood Golf Team Triumphs

Redwood's golf team pushed its record to 8 wins and 1 loss yesterday by beating Novato 5-1 on the Meadow Club course in Fairfax.

Tying for medalist honors were Don Anderson of Redwood and Ray Leach of Novato, both with nine-hole rounds of 38.

Marin Driver Suspended From Petaluma Speedway

The leading driver at the Petaauma hard top races, Chuck Louwaert of San Rafael, was suspended for an indefinite period from the Petaluma Speedway Saturday night for spinning out his nearest competitor in the main event.

With some 1,865 fans watching, Louwaert, already down a lap, spun out Tom Abreu of Castro Valley who was running second in the main on the 19th lap.

The action caused the suspension, although Louwaert will be able to run on other NASCAR tracks.

John Viel, San Jose, won the main event with Lyle Lister, San Jose, second, and Bob Filippi, Mill Valley, third.

The semi-main went to Joe Furia, Santa Rosa, with Bill Scarpete, Petaluma, second, and Wally Veeninga, Petaluma, third.

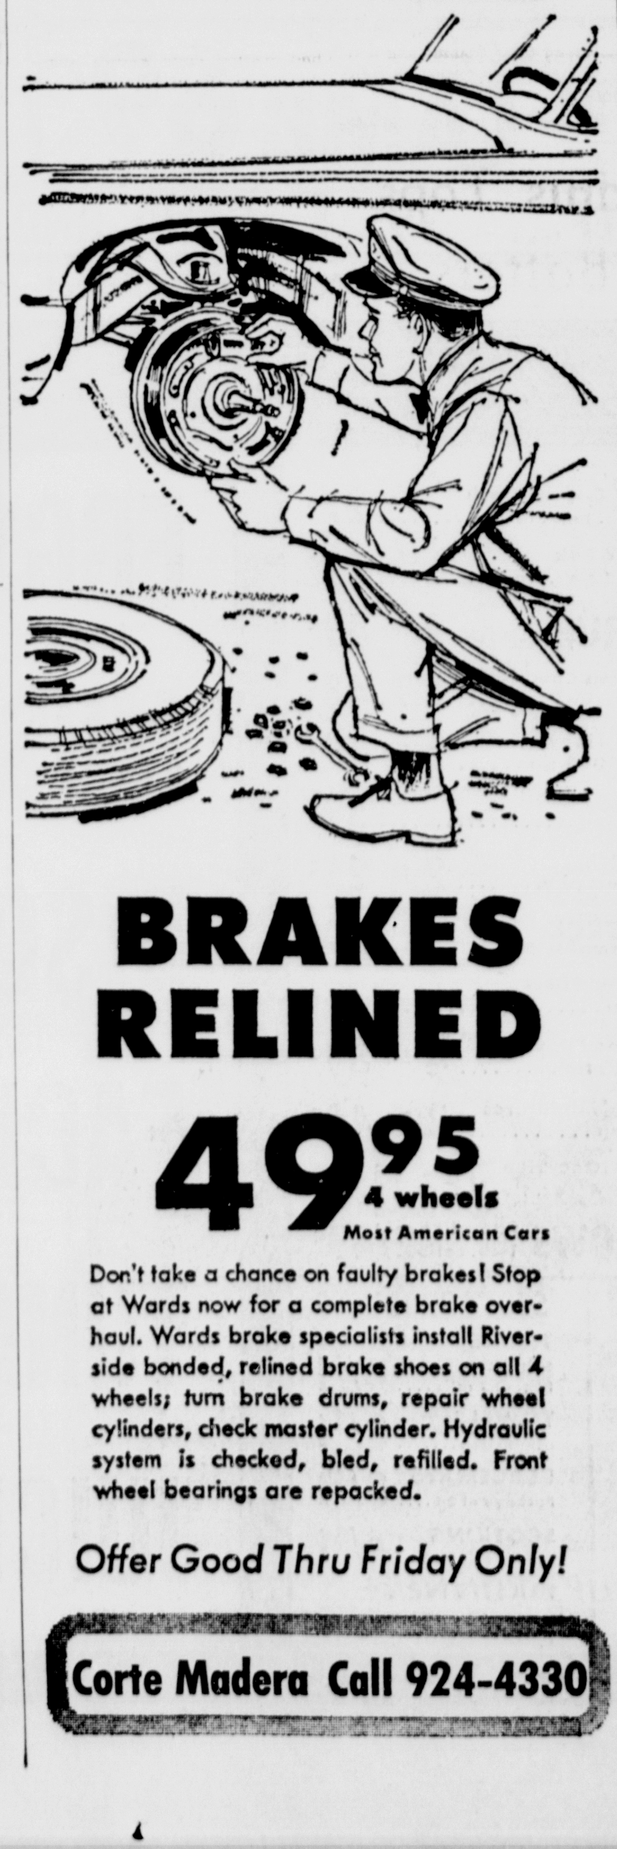

Abreu won the trophy dash followed by Tiburon's Phil Kircher and Filippi.

Heat winners: 1—Jim Giambra, San Rafael; Joe Rodriguez, Petaluma; Cal McDonald, Windsor. 2—Scarpete, Petaluma; Gary Danley, Newark; Sonny Azevedo, Petaluma. 3—Filippi, Mill Valley; Silvie Gomes, Santa Rosa; Ralph Underwood, Sebastopol. 4—Kircher, Tiburon; Charles Lloyd, Petaluma; Win Beaver, Santa Rosa.

Racing continues at Petaluma Saturday night (May 22) with qualifying at 7 p.m. and the first race at 8 p.m.

Ichabod Crane Land On Tour

A tour of six homes in Sleepy Hollow will be given on May 25 from 1 to 4 p.m., by the Sleepy Hollow Guild of Sunny Hills.

Homes to be shown are those of Messrs. and Mesdames George Beyers, Carl Carlsen, Don Luchessa, A. J. Nicolai, David Geoffrion and S.B. Simmons.

Modeling fashions in the tour will be Mesdames Hope Ovale, Jack Henero, William Sanders, Thomas D. Feichmann, Arno P. Masneri, Richard Basco, Edward Hageman Jr., Omer Cotterell, James W. Studley, Frank Prince and James Zogg.

THE GEORGE BEYER home houses many antiques made by Mrs. Beyer's grandfather, John Kiesele, who did the table decor for the inaugural dinner of Presidents Grant and Lincoln. Also to be on display is a rare 100-year-old Juneau doll from Paris.

SPACIOUS SUBURBAN living is exemplified in the Carl Carlsens' home with its inviting look of swimming pool and garden from within the Lanai Room. Danish modern decor and design are used throughout the house.

THE DON LUCHESSA home was custom made and features open design with flow from room to room.

In the Simmonds home on Dutch Valley Lane, antiques date from the 1800s and family portraits are a special highlight.

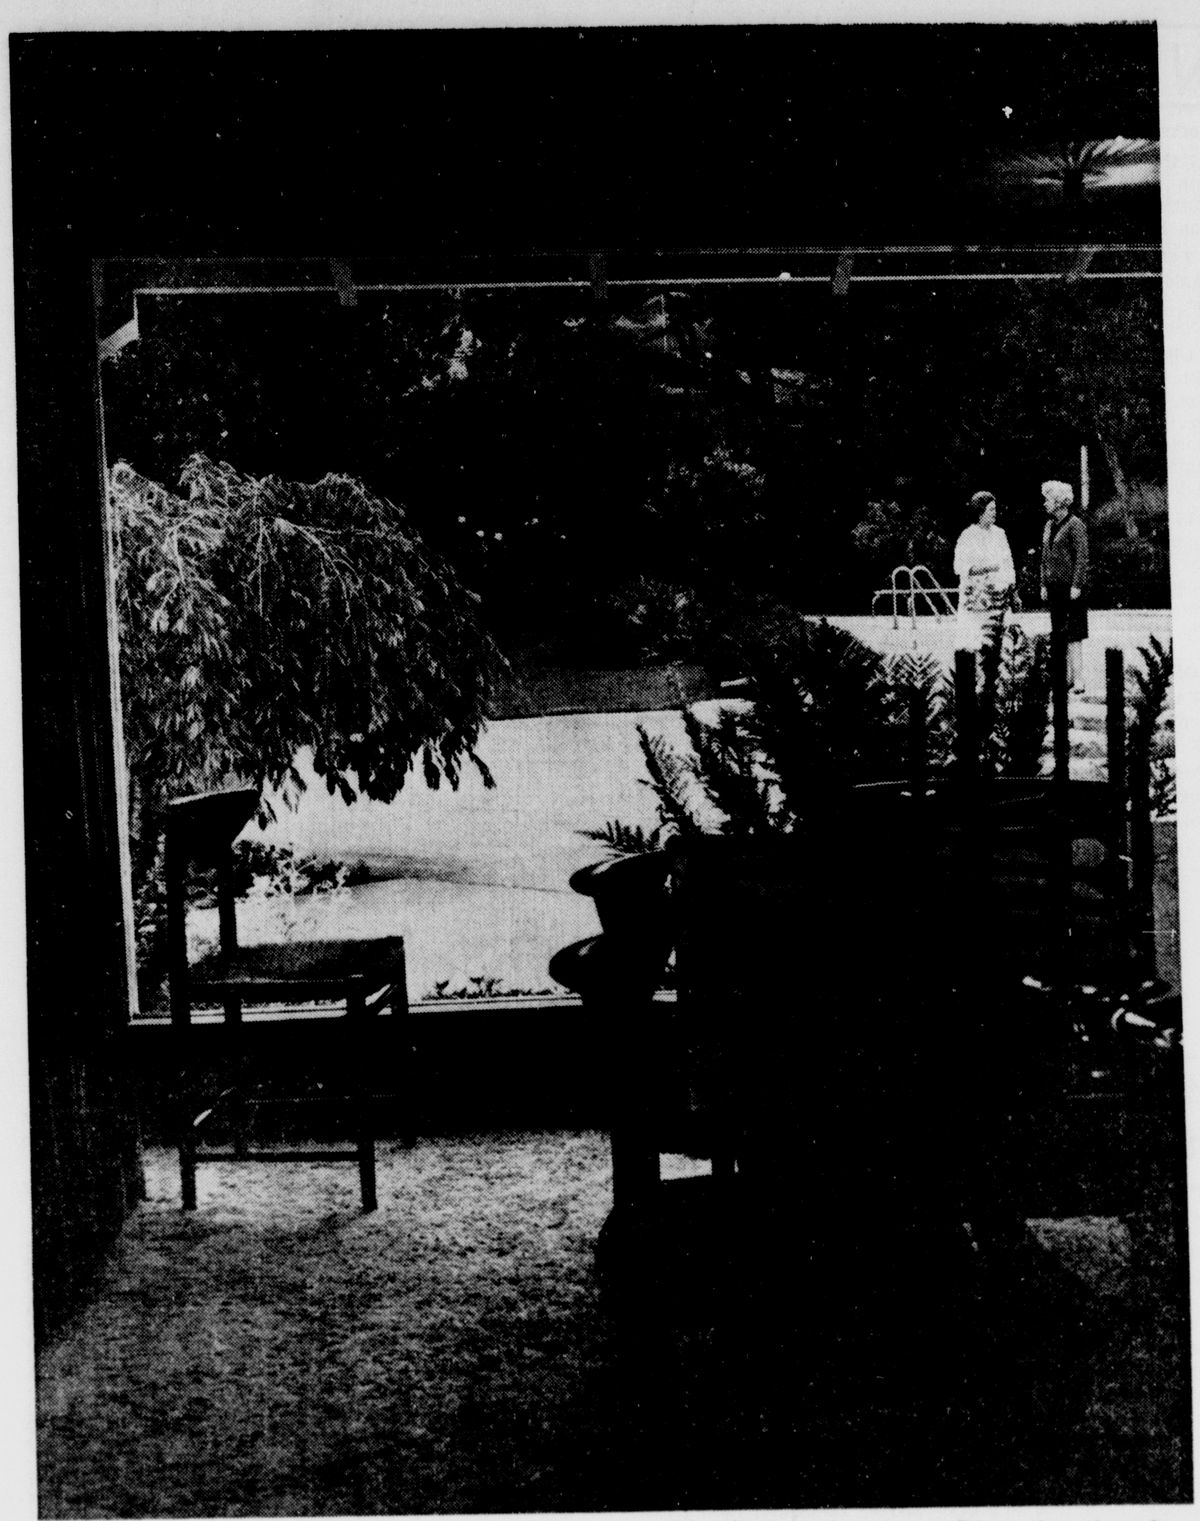

OUTSTANDING in the Geoffrion home is the master bedroom and bathroom which include a sunken tub and crystal chandelier.

The gardens, swimming pool, play area and tennis court make the Nicolai home on Butterfield Road perfect for a family which includes five daughters.

A CHAMPAGNE TEA will follow the tour at the home of Mrs. Alfred Nannizzi on Legend Road.

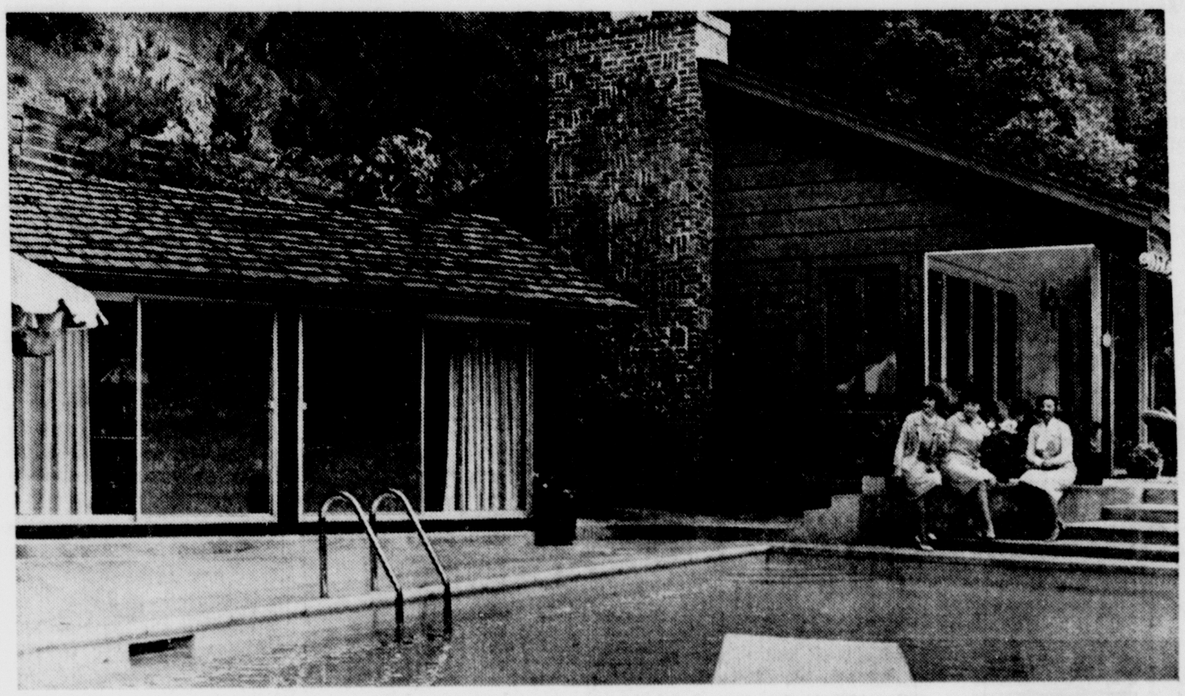

Mrs. Robert Ballachey is chairman assisted by Mesdames Mel Fuller, models; Harold Lang, refreshments, and Edward Boero, decorations.

MESDAMES Ballachey and Halsey Lyons are reservations chairmen.

A VIEW OF the swimming pool and gardens from the Lanai Room of the Carl Carlsen home in Sleepy Hollow will be one of the highlights when the Sleepy Hollow Guild presents a house tour on May 25 from 1 to 4 p.m. Discussing plans for the event by the pool are Mrs. Robert Ballachey, chairman, and Mrs. Carlsen.

(Independent-Journal photos by Bob Hax)

BY THE POOL at the Carlsen home are Guild members, from left, Mesdames Russell La Belle, Mel Fuller, and George Beyer Jr. A champagne tea at the home of Mrs. Alfred Nanizzi will climax the afternoon.

Music Chest Will Gather For Summer Drive Report

Chairmen and workers in the current Marin Music Chest summer concert subscription drive will gather at the home of Mrs. Milton Esberg, Glenwood Avenue, Ross, on May 25 at 2 p.m. to hear the outcome of their efforts over the past two months.

In the absence of Mrs. Samuel Archibald, president of the Music Chest, Mrs. Carl Riznik, third vice president of the organization, will welcome the guests, and then turn the meeting over to Kitty Oppenheimer, who will conduct the business portion of the afternoon.

Following the business meeting, a program will be given by last year's Music Chest scholarship winners, David Wilkinson, flutist; Bud Oakley, violinist; and two pianists, Marilyn MacLean and Claudia Jacobs.

Mrs. Angus Clark of Ross is in charge of arrangements for the tea, assisted by Mesdames Ellen Clarke Eilert, Ralph Erickson, S. H. Diehl and Gladys Fossy. Presiding over the tea table will be Mesdames Harold Hansen, George Stephens, Emmet Rixford and Lee Parks. Receiving guests will be Mrs. Milton Esberg, Riznik and Mrs. Angus Clark.

Members of the excutive board, artistic council and board of directors are also invited.

THE SUBURBAN SCENE

Many Will Attend 'A Day At Races'

By MOLLY MARIN

Many Marinites will be on hand for "A Day at the Races" Thursday at Golden Gate Fields. Since the Marin Charitable Foundation will benefit, socialites from the county are enthusiastically turning out to make the turf event a success for their favorite cause. Planning to attend are Messrs. and Mesdames Harrison Leppo, Raymond Hornby Jr., John Gardiner, Gregory Solon, Fred Herrington, William Haney, Robert Menzies, Harry Johnson Jr., Ralph Noah, Russell Smith, Phillip Crane, Kent Seymour, Wallace Hickman, Rowland Chapman, Donald Perry, Donald Jefferies, William Milliken, Lawrence McNear, Leon Smith, Edwin Lord Griffith, and Dr. and Mrs. Rodney Hartmann.

A DEBUTANTE TEA DANCE will honor three Marin girls who will bow at the Marin Debutante Ball on December 21, and three young ladies who will make their curtsies at the San Francisco Cotillion this winter. Mr. and Mrs. Edward Duerdin Bronson will host the afternoon dance June 10 at their Pacific Avenue home in San Francisco. Marin buds being feted are the Misses Madalyn Simi, Gail Noah and Virginia Cooke, all of Belvedere. The Misses Geraldine Gauer, and sisters Cathleen and Joan Kirkland are also honored guests.

MRS. JOHN ADAMS of San Rafael is among those entertaining at luncheon preceding tomorrow's Country Club Living" House Tour at Peacock Gap Country Club. Her guests include Mesdames Ralph Grady, John Tunney and Robert Teddy of Lafayette.

THE BARTH EASTONS welcomed their first son May 8 at Mt. Zion Hospital. The little boy, named, Philip, is the grandson of Dr. and Mrs. Harold Rosenblum of Sausalito, and Mrs. Arthur Easton of San Francisco.

MRS. WALTER P. SIMI of Belvedere presented her daughter, Madalyn at a tea on Friday afternoon at the Woman's Athletic Club in San Francisco, attended by guests from throughout the Bay Area. Madalyn, who will bow at the Marin Debutante Ball, wore a white tiered lace over yellow sheath dress, and her mother chose an aqua ribbon and lace dress. They greeted guests in front of a large magnolia branch decorated with yellow and white birds. Madalyn's aunt, Mrs. Stanley Kern, and Mesdames Albert C. Raisch, George Stephens, Raymond Millzner, F. R. Gilfether and W. J. Tavelle poured tea.

LEAVING ST. ANSELM'S Church in Ross following their recent wedding are Mr. and Mrs. Ralph Shelly Wood III. The bride, the former Donna Lee Lynch, is the daughter of Mr. and Mrs. Donald Daniel Lynch of Kentfield. The newlyweds will make their home in Stockton.

China To Be Topic At AAUW Function

Expanding China will be the subject of Ben Seaver at the final meeting of the season at the Mill Valley Branch of the American Assn. of University Women at the Mill Valley Community Church at 8 p.m. on May 25.

Mr. Seaver has served as peace education secretary of the American Friends Service Committee's San Francisco office since 1954. His talk will give members background for the AAUW study topic for the next two years, "Revolution in Modern China."

A group within the branch has been studying the Occident and Orient for the past year under the chairmanship of Mrs. Russell E. Wallace.

At the meeting decor and dessert will be provided by members of the study group. Mrs. Harold Thomas Rogers is chairman, Mrs. W. W. Blume and Mrs. Harry M. Galliver will provide Chinese decorations they have collected during their travels. Dessert will be provided by Mesdames Robert H. Cooke, Paul F. Geerlings, Elgar R. Hill, George Markoff and Jerome Meislin. Others assisting are the Mesdames Robert J. Reynolds, Rogers and Wallace.

Pinafores Will Hold Lunch, Party

The Pinafores of Terra Linda Valley Hospital Auxiliary are sponsoring a luncheon and card pary on May 24 at the Officers Club, Hamilton Air Force Base.

Proceeds from the luncheon will be used for the benfit of the patients at the Terra Linda Valley Hospital.

Chairman for the luncheon is Mrs. James Cochran. Mrs. Edward Allen and Mrs. Frank Cooper are in charge of decorations. Mrs. A. M. Block and Mrs. Richard Lane will present awards. Mrs. L. R. Castellani and Mrs. J. Warnock Walsh Jr. are in charge of reservations.

No Dusting

A boon for women who hate dusting is a new product that can be sprayed on venetian blinds, plastic floor tiles and plastic furniture. It's produced in an 8-ounce plastic squeeze can.

French Market Day Set At Art Center

Tri-color banners, a colorful sidewalk cafe, a bustling flea market and gay awnings on the food and gift stalls will transform the Marin Art and Garden Center, Ross, into a French market place for "Market Day a la Francaise" on May 26, for the annual event sponsored by the Northgate Group.

Gourmets will gather at "La Patisserie" where Mrs. Leonard C. DeMartin and Mrs. Peter Skaer will sell homemade pastry and candy, at at "La Laiterie" for fresh dairy products, cheese, salads, homemade jams and jellies offered by Mrs. J. Harrell Canon and Mrs. Leonard J. Breslin. Market bags may be filled with garden-fresh fruits and vegetables at "L'Epicerie," headed by Mrs. Patrick A. Foster, and "glace' des fraises," Northgate's fresh strawberry ice cream, will be dispensed by Mrs. George E. McKenna.

IN THE COLORFUL tradition of French market places are the fresh flower stall where Mrs. Selwyn H. Graham will offer blooms in profusion and the plants from Marin gardens to be sold by Mrs. Gus Neiderholzer and Mrs. Harold G. MacKenzie. A touch of the Orient in the Gallic setting is "Le Jardin Japonais," where Mrs. Albert E. Wilson and Mrs. MacKenzie will arrange their bonsai creations.

LUNCHEON WILL be served at Cafe Northgate with Mrs. Peter Curtis presiding and Mrs. Dorothy Wagner as maitresse d'. Coffee and croissants or baba au rhum is featured at "Le Petit Pavillon," the gay little sidewalk cafe, with Mrs. Donald Smith and Mrs. Warren Perry as waitresses. "Le Dog Hot" is the specialty of the snack bar where Mrs. Henry Skinner will also serve chili beans.

ONE OF THE features of Market Day is the collection of plaster molds in many designs, sizes and shapes which were created by famous artists for the original Palace of Fine Arts in San Francisco and which will be sold at "Les Moulages" stall. Mrs. Harding McPhun heads the group of sidewalk artists.

THE FLEA MARKET will be a colorful attraction of Market Day with its melange of book stalls, oil paintings, bric-a-brac at "Les Elefantes Blancs," jewels at the "Bijouterie"; a children's grabbag at "Les Joujou," and chapeaux.

CUSTOM GIFTS will be on display at "Les Cadeaux" with Mrs. Gordon F. Zimmer at this stall and Mrs. Archibald M. Simenstad will arrange her wares at the sweater bar.

No chance is involved, however, in making selections at "Le Bon Marche," the silent auction, where all pieces will be on display during the day. Mrs. Arthur W. Feidler and her committee have a collection of unique items.

Market Day will be held from 10 a.m. until 3 p.m.

MRS. MELVIN J. DUNCAN and Mrs. Frank Brown are co-chairmen of the event and on the steering committee are the Mesdames Robert H. Berry, William Vizzard, John McInnis, George Leftwich and Howard A. Collins. Mrs. Philip A. Nathan has designed the decorations for the French market place and Mrs. Edward J. Ruff is treasurer of the event. Mrs. Jay Hale is publicity chairman.

St. John's Women Plan Spring Party On May 25

The Episcopal Churchwomen of St. John's Church, Ross, will hold a spring luncheon party on May 25 at 12:30 p.m. in the parish hall.

Welcoming guests will be Mesdames Kenneth Verling, president; James Biagini, retiring president, and Eugenie Davids, Christian Education chairman.

Committee members for the event, which will benefit foreign and domestic missions, include Mesdames Jess France, Frances G. Burt, Constance Dawson, H. M. Kane, David Little, Lila Cummings, food, and William Doggett, decorations.

Mrs. William J. Smith is reservations chairman.

Library Friends Will Hear Panel

The annual meeting of the Friends of the Larkspur Library will be held on Thursday at 10 a.m. at the library.

Peter Glusker, head of the Tamalpais Writers' Workshop, will talk about the workshop. A panel discussion about writing and communication will follow among five members from the workshop. An open question period will be held afterwards. The meeting has been arranged by Mrs. R. F. Reilly of Greenbrae, program chairman.

Anyone who is interested is invited to attend the meeting, according to Mrs. George Sarno of Greenbrae, president.

Ballet Aquacade Ticket Chairmen

Mrs. Charles White of Ross and Mrs. Fred Enemark of San Rafael have been named ticket chairmen for the 20th annual Ballet Aquacade. The swim show will be held June 5 and 6 at the Peacock Gap Swim Club at 2:30 p.m.

'Thank You' Lunch Planned On May 27

Associate members of Raccoon Branch, Marin General Hospital Volunteers, will be guests of active members at a year end "Thank You" luncheon on May 27, at the Belvedere Tennis Club.

Mrs. William E. Steen, branch president, will present a brief summary of the year's events.

Honored guests will be the Mesdames Roy Ibach, president of the board of directors of Marin General, Robert McKendry, Volunteer Council chairman, John O'Connell, Out-Service president, Kenneth Lucas and Fred Drexler of the Founders' Auxiliary.

A gourmet smorgasbord luncheon prepared by active members will be followed by bridge and dominoes.

Chairman of the event is Mrs. K. L. Rice Jr., assisted by Mrs. Stanley T. Peterson and Mesdames Marvin Field, menu planning; William Niethammer, invitations; John Hoffmire, flowers and decor; William E. Redfield Jr., service.

Chefs for the day include Mesdames Thomas Behrens, James W. Clark, Thomas Drohan, Field, H. K. Laymon, Houston Levers, J. K. Levorson, Robert W. Morrison, Adolf Mueller, John R. Pelkan, Peterson, Rice, John Sanford, Steen, Melvin B. Tyler and Bennett Wren.

Redwood Empire Bounces Back From Rains, Floods

Only last winter, Redwood Empire counties from here to Del Norte were just about knocked out by the devastating rainstorm and floods.

Some observers feared that it would take years for Northern California to stagger back onto its feet.

But today, less than six months later, the Redwood Empire is proudly announcing that its highways are restored and its vast tourist resources are back in full operation, ready to take on the summer visitors.

That is quite an accomplishment, even for the rugged redwood country, noted for its resiliency and the never-say-die spirit.

Credit for the quick recovery goes to the initiative and spirit of individuals and organizations which fought back to restore their devastated homes and businesses, and the joint efforts of county, state and federal authorities who stepped in to reopen transportation routes and to bring emergency aid to storm victims.

Those who were less seriously hit contributed to the "flood rebound" fund to help their fellow citizens bounce back to life.

And coordinating much of this rebound activity was the Redwood Empire Assn., led by President J. Dwight O'Dell and REA General Manager Carney J. Campion.

REA officials launched "Operation Rebound" to let the nation know that the Redwood Empire may have been down last winter, but it has bounced back, in some instances bigger and better than ever.

Congratulations to the Redwood Empire for a remarkable comeback. And thanks for re-opening the incomparable redwood region, from the Golden Gate to the Oregon border, in time for this year's summer vacation.

If you want to see nature at its biggest and best, and man's successful fight against the elements, try heading your car into the lush redwood country this summer. You may be pleasantly surprised.

THREE MINUTES A DAY

By JAMES KELLER

"FRIENDS VANISH WITH HER LIFE SAVINGS"

New-found "friends" stole $2,000 from the 73-year-old woman who showed them hospitality.

The trouble began when a friendly couple in a neighborhood store offered to drive her home.

By the time the trio reached the widow's home, she invited the friendly pair in for a cup of tea. While the woman went to the kitchen to prepare things, the man was given permission to wash up in the second-floor bathroom. A few mintues later he returned and the three had their tea.

When the enjoyable visit was over, the couple bade a fond farewell and motored off. Later, when the woman went upstairs, she was stunned to find her bedroom ransacked and the mattress on the floor. Missing was a large white envelope with her life savings of $2,000 that had been hidden under the mattress.

God wishes us to show a reasonable solicitude for others. But He also expects us to protect ourselves against those who take advantage of persons, communities and even nations when they let down their guard.

"By their fruits you will know them."

Motor Vehicles Department Jealous In Guarding Funds

By EDWIN S. CAPPS

SACRAMENTO (CNS)—If all the departments of state government were as jealous about guarding their funds and income as the Department of Motor Vehicles, perhaps there wouldn't be a revenue gap and a need for new and higher taxes.

On the other hand, DMV's position apparently is that, even though the present law has some inequities and provides much confusion, it should not be changed if it's going to mean any loss of revenue.

THIS IS the stone wall that Assemblyman Stewart Hinckley, R-Redlands, encountered when he started out to clear up the matter of pickup truck registration. Hinckley has pretty well got the message that he can't do anything about it during this session of the California Legislature, so he's settling for the next best thing—a two-year study of the problem before the 1967 legislative session.

There currently are about 807,000 pickup trucks registered in California. All pay the $8 registration fee and there is no argument about that.

Of the total, 786,000 are registered as commercial vehicles and pay, in addition to the registration, commercial weight fees. These range from $12 for vehicles under 3,000 pounds to $17 for those between 3,000 and 4,000 pounds and $32 for those between 4,000 and 5,000. On top of that comes the "in lieu" tax, based upon value of the vehicle.

THE OTHER 121,000 are registered as passenger vehicles. They pay the registration and the in lieu tax, but no weight fees.

Unfortunately, a big part of those pickups which are registered as commercial vehicles actually do not fall into that category. They are used only personally by the owner, hauling his own property. But the present confusion and irregularity of enforcement has forced these owners to pay the extra fees.

Under present interpretation of the law, a pickup registered as a passenger vehicle may carry a sack of groceries, a bag of golf clubs, a load of camping gear, or a suitcase. But it cannot carry a sack of fertilizer, grass clippings, trash, furniture or a wheelbarrow, even if these are owned by the pickup owner.

UNFORTUNATELY, enforcement of these regulations is not uniform and the man on his way to his favorite hunting grounds is subject to be stopped and cited even if he is in compliance with the regulations.

Hinckley wanted to provide that, if a pickup is to be used non-commercially—for hauling only the property of the owner—it could be registered as non-commercial and the owner then could carry any or all of his possessions in it. Those who used pickups in business or for-hire would pay the commercial fees.

But the problem is money. DMV collects some $14 million a year in weight fees on the 786,000 commercially registered pickups.

ONE SUGGESTION was that all pckups should be charged one fee. This was done some years ago in the case of station wagons, which had encountered the same confusion in enforcement. In the case of the wagons, a $1 fee was added for non-commercial vehicles and everyone was happy.

But, to produce the $14 million now collected in weight fees, it would require fees ranging from $5 to $25 per pickup, depending on weight. This would be an added cost to those pickups used as passenger vehicles, while the commercial vehicles would save from $2 to $7 each, depending on weight.

WHAT OUR READERS SAY

U.N. Flags Opposed Over State's Schools

Editor, Independent-Journal:

I was appalled when I read the caption in the May 11 issue of the I-J: "Schools Will Fly U.N. Flags."

As a citizen and taxpayer I strongly protest allowing any flag to fly over our schools except the flag of the United States and the State of California Bear flag.

What are our children being taught in schools which sponsor ceremonies glorifying the United Nations and the United World Federalists? If they are not outwardly advocating a one-world socialist government, they are certainly covertly giving their approval. This is the objective for which the communists, socialists and their dupes, the liberals, are working: the surrender of U.S. sovereignty.

The same groups have campaigned actively for the last 40 years to malign the word "patriotism," and patriotic organizations.

The time is late, collectivism is on the march.

Water District Tax Clarification Lauded

Editor, Independent-Journal:

Your brief answer to Mr. Hamilton's rejection to the proposed increase in property tax rates by the Marin Municipal Water District certainly helped to clarify the issue. While it is true that the proposal to raise property taxes would exempt certain water uses (notably government and church properties which are tax exempt) it is a far greater tax significance that the large land speculators would share in the cost of developing water facilities since they gain as much or more in land valuation from the availability of water than the individual water user himself. Although, theoretically, no one should be exempt from the land tax, at least the tax exempt lands represent either the entire public or at least a broad base of the population which stands to benefit from a public service.

Again, congratulations for pointing out the difference in implications from a tax on land only as opposed to a tax on both land and improvements or a tax on improvements only.

U.S. Communists' Bombings Compared

Editor, Independent-Journal:

Mr. Sam Hanzel (May 6) should note that bombing the American embassy has a different effect than the bombing of military installations and bridges. The former is an act of terror and has no effect on our military operations. The latter is destroying the ability of Hanoi to continue her aggression in the South. . . .

The Viet Cong, being controlled by Hanoi, are not fighting for their homeland, but are committing aggression against the homeland of their neighbor, South Viet Nam.

Your statement, "There will be no peace until the governments in China's sphere of influence are acceptable to her" is the same as saying that China is behind all the trouble . . . and . . . will not stop . . . until all of Asia is under her control, as Hitler learned . . . so China will discover that her aggression can only lead to the destruction of China.

Parmilitary Ban Not Constitutional?

Editor, Independent-Journal:

In reference to the bill sponsored by Sen. J. Eugene McAteer, D-San Francisco, and backed by Atty. Gen. Thomas C. Lynch directed at knocking out private armies in California. This bill went to the lower house on a 31 to 6 favorable vote by the Senate. . . .

He states that paramilitary groups are those who meet to practice with or teach the use of weapons. This bill would in fact forbid the meeting of two or more persons of such groups.

Is my family to be arrested because we enjoy target shooting? Am I to be considered a threat to the community for teaching my son how to properly use firearms? Who and what sort of an official is to have the power to decide if my annual deer hunting is for sport or to practice guerrilla warfare?

This bill is not just an insult to my personal freedom but a direct violation of my constitutional rights on TWO major counts. First, it violates my right to keep and to bear arms, and second, it violates my right to assemble. . . . Laws such as this one can be found in every dictatorship and Communist puppet state, where there are no elections or constitutions. These forms of government need and must have such laws. Does California need such laws?

Yesterday I wrote you a rip-snorting type letter regarding an editorial of yours.

TRY AND STOP ME

BENNETT CERF

MARINE SERGEANTS are not quite the same since they've learned about psychology. Take the sarge at Quantico, for instance, who was heard bawling out his green rookies: "Take a look at yourselves! Shoes not shined properly, haircuts terrible, ties crooked, and whiskers like you haven't shaved in a week. SUPPOSE SOME COUNTRY SUDDENLY DECLARED WAR ON US!"

PUNDIT SYDNEY Harris came upon a 10-year-old boy who was struggling through a book that was rather too advanced for him. Harris asked sympathetically, "Are you rated as a slow reader?" "Heck, no," answered the boy indignantly. "I'm a fast reader. It's just that the author of this book was a slow writer."

OVERHEARD:

In the subway: "My sad story is that I started out on a shoestring just the year everybody began wearing loafers."

At a lunch counter: "Did you say you wanted these eggs turned over?" "Yes—to the Museum of Natural History."

One the beach: "I've had two disastrous marriages. My first wife divorced me and my second refuses to."

Genuine Non-Alignment Is Good For Africa And Good For West

NAIROBI, Kenya—It is important for Americans to understand why the African nations are determined to keep out of the crossfire of the cold war.

To the fragile new states of the sub-Sahara, the purpose of non-alignment is to stand aside from the pull and haul of the East-West conflict. The reason? Because black Africa has all it can do to survive and surmount its own harassing problems without taking on anybody else's. It wishes to win aid from both sides. It aims to avoid the hostility of either.

This kind of non-alignment is good for Africa.

This kind of non-alignment is, I am convinced, good for the United States.

WE CAN LIVE comfortably with genuine non-alignment, more comfortably than the Soviets. The Chinese Communists cannot live with it at all.

The U. S. has no national objectives which conflict with African non-alignment. The Communists have large objectives which conflict with African non-alignment.

Africa can bring about reasonably stable governments and sufficient economic development to give promise of better things for its people.

WHATEVER WE can do by way of investment, loans, and technical assistance to further these African objectives is totally consistent with the interest of the U. S. We need nothing in return. There is no reason to ask for anything in return other than the most constructive use of Western aid for the most constructive African purposes. Naturally, we will welcome African understanding of the kind of world the U. S. is trying to bring about, a world free of aggression, as in Viet Nam, and safe for diversity, as in Africa.

The best dividends which the West can desire are Africa's own stability and economic progress.

This is why genuine non-alignment is good for Africa and good for the West.

NON-ALIGNMENT should be very understandable to Americans. We pursued the same policy from George Washington's warning against "entangling alliances" to 1941 when Hitler, Mussolini, and Tojo made it clear that we could no longer do so and survive.

As a weak and underdeveloped nation, the United States saw good reason to avoid the crossfire of the big powers in Europe.

It seems clear to me that these African countries want genuine non-alignment in the cold war, but not a facade of non-alignment to be used (as Sukarno, Ben Bella, and some others appear to be using it) to try to maneuver the cold war to their own advantage.

The African leaders are becoming aware of the issues at stake. They know what kind of a world they most need. But they are determined not to be pushed.

INSIDE WASHINGTON

CIA Making Secret Poll Of Dominicans

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON—The Central Intelligence Agency is playing a singular role in the kaleidoscopic Dominican upheaval.

The huge, world-wide intelligence agency is polling Dominicans on whom they prefer among the various military and civilian aspirants to head a new provisional government.

THE UNUSUAL soundings are being made on the personal orders of President Lyndon B. Johnson, a strong "consensus" believer.

Publicly, the administration is insisting it is not supporting any of the rival hopefuls. But the president apparently hopes to get some indication of the tenor of Dominican sentiment through the CIA's polls.

Exactly how and where they are being conducted, and who and how many are being questioned is the CIA's secret. But the first results seemingly are in—on the basis of what has been privately communicated to members of the Senate Foreign Relations Committee.

They have been told the CIA found only 5 per cent of Dominicans favor Gen. Elias Wessin y Wessin, "strong man" leader of the forces that fought the April 24 revolution.

What the polling returns will be on Juan Bosch, the elected president ousted by the military in 1963, Col. Francisco Caamano Deno, rebel leader who claims to be "constitutional provisional president," and Brig. Gen. Antonio Imbert Barreras, head of the "counter revolutionary" military junta, is anyone's guess.

IN FACT, it's highly conjectural if these CIA findings will be revealed.

Foreign relations committeemen were greatly surprised to be told about Wessin's low standing. They didn't even know the CIA was making these polls.

Vice President Hubert Humphrey, in telephone talks with Democratic governors and state leaders throughout the country, is displaying marked friendliness toward deposed President Bosch.

Humphrey does not go so far as to advance his return, but does maintain that Bosch is unquestionably the most popular leader in the country, and that an honest election would restore him to power.

When one Midwestern governor asked whom the administration is supporting, Humphrey replied:

"NO ONE. We're keeping hands strictly off of that. Our responsibility is to see to it that a cease-fire is achieved, a provisional government set up, and order and normality restored so a free election can be held as quickly as possible. That's our only purpose."

Despite this avowed neutrality, Humphrey went out of his way to emphatically deny that Bosch is a leftist or has such ties. Humphrey did characterize him as "naive," but conceded that with the "right kind of people around him, he would be all right."

Observed one governor, "Isn't that his trouble? He's so naive that he invariably attracts the wrong people. That's why he was booted out."

A report shortly to be published by the Senate Internal Security Committee characterizes Bosch as an "ideological Trotskyite," whose return to power would mean "another major victory for the Communists."

"JUAN BOSCH is definitely an ideological Trotskyite," declares the report, "and therefore, by definition, an ideological Communist. While Bosch was president of the Dominican Republic, not only were the Communists allowed free rein for all their activities, but the real power was exercised by known Communists whom Bosch obviously either could not or did not wish to control.

"Exiled Communist leaders from all over Latin America flocked to the Dominican Republic under the Bosch regime. . . ."

These Senate committee findings differ flatly with Vice President Humphrey's contention that Bosch is not a leftist.

Secretary of State Dean Rusk wants to testify again in the long-drawn-out case of Otto Otepka, former evaluation chief of the department's security office.

RUSK HAS MADE this request to Sen. James Eastland, D-Miss., chairman of the internal security subcommittee, which has conducted extensive closed-door hearings in this protracted controversy.

Starry-Eyed Young Democrats Still Look To Kennedy Image

WASHINGTON — The Young Democrats (age 20-30), like the Young Republicans, are held together by the image of one man. But in their case the man is John F. Kennedy, not Barry M. Goldwater.

They are an attractive, starry-eyed group who saw in the handsome figure of the late president the embodiment of the dream that would lead them to the rainbow's end.

IT MAY BE my bias which leads me to the conclusion that there is more mysticism than cold reason in their adoration. I think the Young Republicans have done their homework better, for their American history begins with the Revolution; whereas to the Young Demos it begins with John Kennedy.

Chatting with some of them, I was reminded of a quatrain Kipling had written to steel old fogies against the cocksureness of youth. It went something like this: In August was the jackal born;/ The rains came in September./ "Now such a fearful flood as this,"/ Said he, "I can't remember."

When they touched on the income tax, I suggested mildly that it might be illuminating to read the debates on the subject: how the proponents had scoffed at the assertion that this trifling tax might become a Frankenstein creation. "But," said the earnest lass who was still undecided whether to go right into teaching or do a hitch in the Peace Corps first, "what they said couldn't apply now. How could they foresee how the government would grow in almost 200 years?"

THAT FLOORED me till I realized she thought I was referring to the Federalist papers. When I assured her the income tax had not become law till 1913, she was incredulous. "We got by all those years without it?" she asked. "Then how did we survive?"

They have some qualms on our Viet Nam policy and considerable sympathy for the demonstrations against it. But, in the main, they support LBJ here—primarily, my guess is, because JFK put his stamp of approval on the Texan, and it might be disloyal to his memory to do otherwise.

For the president's welfare plans—Medicare, the anti-poverty program and all the rest—they have nothing but praise.

THE HAVE great feeling for any member of a "minority" group—whatever the nature of the crime he is charged with.

They are against all "witch-hunts" and would do away with the House Committee on Un-American Activities and even the FBI as smacking of "the police state." They are adamantly against the loyalty oath and would grant all the benefits of federal aid to education to any student or teacher who refuses to take such an oath, on the ground that "he's entitled to his freedom of conscience."

They oppose right-to-work laws, however, because they feel that, in a democracy, the individual must bow to the majority. He has no right to bargain for himself if his fellow-workers want the union to bargain for him.

BUT, I ASKED, what becomes of a man's chance for livelihood if his conscience doesn't approve of the union and he is forbidden to work at his chosen craft unless he joins? Why, they said, he is perfectly free to take up some other line of work, isn't he?

And I must note perhaps the most revealing argument I was a witness to. The comely—oh, let's be fair. she was a dreamboat—Young Democrat was being badgered by a Young Republican and some of her shibboleths were wavering as they met his facts.

"All right!" she cried out. "Maybe I don't have all the data that you have, and maybe Kennedy wasn't always right. But when I looked at him and listened to him, I felt good and clean all over. And that's a fact that means more to me than all your dates and figures!"

AND THAT'S what I found out by listening to the Young Democrats. For a fact.

I-J REPORTER'S NOTEBOOK

By THERON NEWELL

Novato's Clean Up, Fix It Drive Has Long Way To Go

NOVATO IS RIGHT in the middle of its city sponsored Clean Up and Fix Up campaign. So far a lot of debris has been picked up, but there are still many tons of it floating around the streets, ditches, and through the parking lots, that need cleaning.

During the campaign, we have received phone calls on two problems that are strictly city problems.

One of these subjects was the sidewalks, or rather the lack of sidewalks around the city property at the Community House and City Hall complex. The curbs and gutters are lacking on part of this city-owned area and sidewalks on part of it.

About a year ago, the city council asked Lawrence Coleman, director of public works, how much it would cost to put in these sidewlaks, curbs and gutters. If my memory is correct, Coleman said that the cost would be nominal and that he planned to get the work done during the slack winter season with city crews. Winter has come and gone, and the sidewalks, curbs and gutters are not in.

The Pioneer Memorial Park was the other object of citizens questioning. It was the scene of a one-day community clean-up, and still needed a lot of cleaning. A second day was needed to finish this job, but it has not been set. It could have been made a dramatic part of the city cleanup campaign.

Fire Chief George Cavallero said that the debris left there could be a fire hazard. The cemetery was the scene of a bad fire two years ago during the waterball fight on Western Weekend. The fire crews had to fight the fire during the fight.

ALONG THE SAME line, the fire chief stated that the fire season would be here in about two weeks. He urged everyone to clean up the dead grass and clippings and burn them while they can still burn all day.

Permits will be required shortly and then burning hours shortened he said. It is always a big help to the fire department to have yards cleaned up in case a fire comes close to them. It gives a protection to the buildings.

Cleaning up the dry grass and other debris is also part of the city campaign to make the city look better. It is also good fire protection.

BY NOW THE subscribers to Western California Telephone Co. in Northern Novato are becoming used to the picture on the front of the new phone directory.

So far, we haven't heard any favorable comment on it. Customers, who were used to seeing beautiful scenes of the tree covered hills of North Marin, are now treated to a very commercial picture of an open modern telephone booth.

Now, we don't have anything against telephone booths, but the one pictured on the cover, is obviously one from General Telephone Co. in Southern California. It is an open outdoor booth which would be quite unworkable in the rains of Marin County in the winter.

MAYBE PEOPLE can persuade Western California Telephone Co. to put a local picture on the phone book next year.

If you think you don't need disability insurance, you haven't seen the statistics.

Tom Rice
Representative
KENTFIELD
Tel: 453-2595

Of 1000 persons aged 35, 33% will be disabled by illness or injury—for three months or more—before they reach age 65. That's what the statistics show.

What kind of a statistic will *you* be?

It makes sense to look into a Manufacturers Life Personal Income Protector Plan. Nothing can give you such peace of mind as the sure knowledge that if you are disabled and cannot work, a guaranteed income will come your way.

Our Plan has many advantages. It offers you a wide flexibility in amount of income and the length of time it will be paid. For example; you may be able to arrange for income benefits right through to age 65 for total disability due to sickness or for life when an accident is the cause. Accidental death and dismemberment benefits to age 65 are also offered. You can co-ordinate the plan with your other resources; tailor it to your needs and your pocketbook. Manufacturers Life cannot cancel the policy nor can your premium rate be raised—ever. The plan can be adjusted to correct the inadequacy of any short-term coverage you already have.

If you are interested, call the Man from Manufacturers. When advising you on disability income he offers you the same competent counsel available to you when you are planning your life insurance security.

Today is Tuesday, May 18, the 138th day of 1965 with 227 to follow.

The moon is approaching its last quarter. The morning star is Saturn. The evening star is Mars.

Bertrand Russell, the English philosopher and author, was born on this day in 1872.

On this day in history:

In 1852, Massachusetts became the first state in the Union to pass a statute making school attendance compulsory for children between the ages of eight and 14 years.

In 1860, Abraham Lincoln was nominated for president by the Republicans meeting in Chicago.

In 1863, Gen. U. S. Grant began the siege of Vicksburg, Miss.

In 1892, the opera singer and star of "South Pacific," Ezio Pinza, was born in Rome.

In 1926, nationally-known evangelist, Aimee Semple McPherson, disappeared from Venice, Calif. She turned up on June 23, claiming to be a victim of kidnapping.

A thought for the day—Spanish author Cervantes said: "The exploits of rash men are to be attributed rather to good fortune than to courage."

TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey, Western District headquarters. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Light-face type indicates a.m. times; **bold-face type** indicates p.m. times.

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Philosopher Didn't Know Wickedness Of Partners

More than two thousand years ago Socrates taught that no man intentionally does wrong.

If he had seen today's bridge hand the history of philosophy might be different.

Opening lead — ◇ 9

Declarer played the queen of diamonds from dummy at the first trick, East covered with the king, and South won with the ace. Now South could afford to give up two trumps and one diamond. Declarer led a trump from his hand and played dummy's king on West's nine.

GHASTLY PLAY

This ghastly play cost South the contract. East won with the ace of spades, cashed the jack of diamonds and led a diamond for West to ruff with the jack of spades. East's queen of spades took the setting trick.

South should make the contract by playing a low spade from the dummy instead of the king.

East wins with the queen of spades and can cash the jack of diamonds, but if he leads another diamond, dummy's king of spades will protect declarer against any ruff by West.

NO ADVANTAGE

There is no advantage in playing the king of spades from dummy if East has the ace.

There is likewise no advantage if West started with A-J-9 or A-Q-9 of trumps; the defenders will get two trump tricks whether dummy's king wins an early or a late trick.

Playing the king of spades from dummy gains an overtrick if West has played the nine from precisely the doubleton A-9.

UNLIKELY PLAY

This is an unlikely holding and an unlikely play, since West would probably put up his ace and lead another diamond.

The case seems pretty clear. In spite of the arguments of philosophy, any bridge player knows that a partner is a man who goes out of his way to do the wrong thing.

DAILY QUESTION

As dealer, you hold:

♠ A Q
♡ 7 6 3
♦ K J 5 4 3
♣ Q 10 9

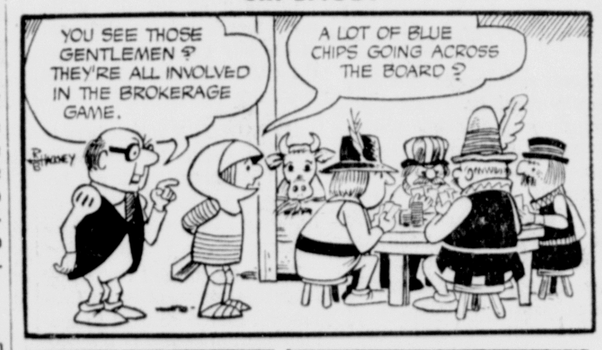

What do you say?

Answer: Pass or one diamond, depending on your temperament and that of your partner.

You have 12 points in high cards and 1 point for the doubleton, enough for a borderline opening bid. If your spot-cards in diamonds included the ten, the hand would be a clear opening bid rather than a borderline

View Show Place
with the privilege of privacy, this stunning new contemporary home was architect designed and meticulously built by proud craftsman. Owners drastic change of plans make possible a price far below replacement. 3 bedrooms, 3 ba. plus family room, wet bar, unusually handsome entry hall, very large living room featuring raised hearth fireplace and a wall of glass to the beautiful view. 9/10 of an acre in a high value area, and never lived in. Decks, patios, trees and pool site. Asking $70,000.

DEEP WATER DOCK 2 BEDROOM HOME
$33,750
You love your boat and you love your home, so why not love them together. Sit on the large deck, looking over the Bay at the Richmond Bay Bridge—and then—if the notion strikes you—walk 20 steps to your boat, turn the ignition switch and in 10 minutes you can be cruising right under the very same bridge. Come home—deck your boat, and look, Mom, no drive—because you are already there. On deep water for only $33,750? That's right! Will you be the lucky one?

NOTICE OF BULK TRANSFER AND NOTICE OF INTENDED TRANSFER OF ALCOHOLIC BEVERAGE LICENSE

NOTICE IS HEREBY GIVEN to the creditors of GEORGE N. VIDAK, Transferor, whose business address is 218 Sir Francis Drake Boulevard, San Anselmo, Marin County, California, that a bulk transfer is about to be made to MacARTHUR BROTHERS, INC., a California corporation, whose business address is 218 Sir Francis Drake Boulevard, San Anselmo, Marin County, California.

The property to be transferred is located at 218 Sir Francis Drake Boulevard, San Anselmo, Marin County, California. Said property is described in general as all stock-in-trade, fixtures, equipment and goodwill of that certain business commonly known as "HENRY'S OL' PLACE", located at 218 Sir Francis Drake Boulevard, San Anselmo, Marin County, California.

NOTICE IS ALSO HEREBY GIVEN of the intended transfer of the following Alcoholic Beverage License by said GEORGE N. VIDAK to said MacARTHUR BROTHERS, INC., a California corporation, to-wit: On Sale License No. 47-41312, now issued to the premises at 218 Sir Francis Drake Boulevard, San Anselmo, Marin County, California, for the premises located at said address.

The amount of the purchase price or consideration to be paid for the transfer of the business and said License is Twenty-Eight Thousand Dollars ($28,000.00) plus stock-in-trade computed and valued at wholesale cost.

It has been agreed between said GEORGE N. VIDAK, the Licensee, and said MacARTHUR BROTHERS, INC., a California corporation, said intended Transferee, as required by Section 24074 of the California Business and Professions Code, that the consideration for the transfer of said business and said License is to be paid only after said transfer has been approved by the California Department of Alcoholic Beverage Control.

That a sale, transfer and assignment of the aforesaid stock-in-trade, fixtures, equipment and goodwill of the said business will be made and the consideration therefor, together with the consideration for the transfer and assignment of the aforesaid License, is to be consummated on or after June 15, 1965, at 9:00 o'clock A.M., at the offices of LAWRENCE E. WRIGHT, Attorney at Law, at 368 San Anselmo Avenue, San Anselmo, California, provided the California Department of Alcoholic Beverage Control has approved said transfer of said License.

So far as is known to the Transferee, all business names and addresses used by the Transferor for the three (3) years last past, if different from the above, are as follows, to-wit:

Speaker will be Dr. Edwin P. Brennan of the Marin Psychiatric Foundation, who will discuss "Communication and Control in Becoming A Person.

TELEVISION REVIEW

Color Breakthrough With Early Bird

By RICK DU BROW

HOLLYWOOD (UPI) — For television, this is the year of color programming and the transatlantic Early Bird satellite — and last night NBC-TV put them together for another technological milestone in broadcasting.

The half - hour transmission was video's first live transatlantic color program, via Early Bird, from Britain to America, and included film and tape color segments as well.

Reporter Sander Vanocur was in Britain as host of the broadcast, "A New Look at Olde England," which was simply a brief picture postcard look at some of the traditional landmarks followed up by a quick skim noting changes in architecture, fashions, tastes, clubs, education and social life.

"A New Look at Olde England" was, however, another example of the color breakthroughs that have been contributing to the huge adjustments in the field of "tint" broadcasting by networks and viewers.

Color television sets are currently considered one of the hottest consumer products on the market.

The number of sets being sold has decided the influential Nielsen ratings firm to make adjustments in its sample group to allow for an appropriate number of color viewing homes.

Industryites estimate that the number of color viewing families could make a difference of perhaps several points in the ratings — and since ratings are estimated down to fractions of a point, this is a large spread, perhaps deciding whether a show continues.

Furthermore, producers and performers are keenly aware that color viewers have a far greater preference for color shows.

By the fall of 1966, there is a strong possibility that virtually all of the prime - time series lineup of the networks will be in color.

THE CHANNEL SWIM: Ethel Merman stars as a conspiratorial landlady on NBC-TV's "Suspense Theater" June 3 in a drama about an art salesman's plot to steal a rare scepter . . . Same metwork's "Project 20" documentarians are planning on a special about the American Indian during the great westward movement, with Walter Brennan as narrator.

Marincello Issue Will Be Debated

The proposed Marincello development will be debated during a public meeting sponsored by the San Anselmo Homes Assn. May 27 at 8 p.m. at Isabel Cook School, San Anselmo.

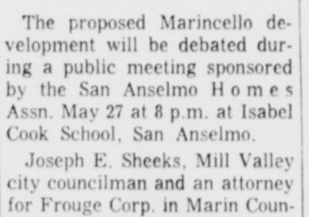

Joseph E. Sheeks, Mill Valley city councilman and an attorney for Frouge Corp. in Marin County, will speak for the development.

Michael Wornum, mayor of Mill Valley and member of the Committee to Save the Golden Gate, will speak against.

Paper Drive Put Off

The Mill Valley Boy Scout Paper Drive has been postponed for the second time, from May 22 to sometime in June, Steve Cooke, chairman, said today.

Restores Dentures' Original Whiteness and true pink color

Modern dentures are expensive—and like fine jewelry they are easily damaged. Abrasive pastes or hard brushing may scratch dentures... may cause 'teeth' to be dropped or broken.

But today there's a newer, safer way to clean dentures—*soak* them clean in KLEENITE!

Fast-acting KLEENITE combines *three* stain-removing actions: (1) detergent; (2) oxidizer; and (3) solvent. It safely soaks away discolorations—even dingy film and smoke stains.

IMPORTANT: A recent survey proves more dentists now give KLEENITE than all other denture cleaners *combined*. Soaking with KLEENITE beats even the hardest brushing with an ordinary dentifrice. Get KLEENITE at all drug counters.

Quake Activity Is On Upswing

By WIL LEPKOWSKI
Advance News Service

WASHINGTON — The eastern edge of the Pacific Ocean is in the midst of an upswing in severe earthquake activity. It's possible the worst is yet to come.

Scientists aren't ready to make any definite forecasts. But they note that a rather ominous trend has set in along "earthquake alley" stretching from South America to the Aleutians.

For the past eight years, the region has been shaken by one massive jolt once a year. During the half century from 1907 to 1957, the rate was one every three years. This relatively quiet period was preceded by a decade of disastrous quakes.

Beginning in 1898 and ending with the 1906 San Francisco earthquake, the "alley" was ripped by three giant convulsions a year.

The question bothering seismologists today is whether a cycle is occurring and whether the upheavels of the turn of the century are soon to be repeated.

One reason the are dubious about making predictions is that no seismic records exist prior to 1898. The seismograph was invented only a few years before that date. As a result, scientists do not know what immediately preceded that decade of intense earthquake activity.

Dr. Hugo Benioff of California Institute of Technology is one of the first scientists to look for patterns in the frequency of major quakes. He says:

"It does appear from the behavior of recent quakes that there is a definite increase. But they could be false signals. Things could quiet right down again."

A major quake is one which registers 7.7 or greater on the Richter Scale. The measuring unit was invented by Charles Richter, a Caltech seismologist, and is based on a complicated mathematical formula employing powers of 10. A quake with a Richter number of 8 is ten times more powerful than one rated 7, and 100 times the intensity of one registering 6.

The recent rash of quakes that killed some 350 persons in Chile, Seattle and San Salvador interestingly enough were not of major intensity. They were all under 7.2 on the Richter Scale. They caused many fatalities, however, because they hit populated areas.

The most powerful quake so far this year was hardly noticed. It was a 7.9 shock in a remote area of the Aleutians.

Any cyclic occurence of earthquakes, if such is the case, would be directly related to what is happening beneath the Pacific Basin. Scientists have spent years trying to figure out the structure of the earth's crust in that area. But they have far from a complete picture.

Geologists do know the rocks beneath earthquake alley are under a tremendous strain and occasionally they snap to release pent up energy. They believe the earth is heating up and this may be contributing to the strain.

It is possible the entire Pacific Basin is rotating counterclockwice, breaking up the edges of the continents.

The San Andreas Fault, a giant rupture of the earth in Northern California, seems to indicate this but it is only a theory.

Another theory holds that the continents are drifting atop a thick river of slowly churning rock, the so-called mantle. This ever-so-slow movement could be pushing the continents against the Pacific Basin causing earthquakes and building mountains.

Whether any of these forces act in a predictable manner remains to be discovered.

Oyster Discovery

BOSTON (UPI) — Two ancient oyster reefs, extending from Cape Cod to Cape Hatteras, have been discovered at depths of 115 and 180 feet, according to the Massachusetts Audubon Society.

Too Many Lost Needlessly When Small Planes Crash

WASHINGTON (ANS) — The pilot of a small plane, the engine dead, just has time to radio his general position before he crashes into dense woods.

Within a few minutes, members of the Civil Air Patrol and units of the Air Force's Air Rescue Service are out looking for their fallen comrade. But he has vanished without a trace.

Hours go by. A search is organized on the ground. Night falls. The search goes into a second and then a third day. Finally, a week later, a hunter stumbles across the crumpled plane.

This is an all too common occurrence and one which many pilots and aviation authorities want to see remedied. In 1962, for example, searches were conducted for 254 missing civilian and military aircraft. A total of 26,000 hours—60 per cent by the CAP—were flown by searching aircraft.

The result: Of 801 persons aboard the lost craft, 335 were found alive, 408 had perished and 58 persons were never located.

Prompt location of the downed craft undoubtedly would have increased the number of survivors. In many cases, searches were not started until an "overdue" report was filed.

The Radio Technical Commission for Aeronautics, an independent advisory group, has concluded that its high time all general aviation — private and business—craft were equipped with radio locator beacons.

Actually, there is but one device anyone can buy today—the hand-cranked "Gibson Girl" transmitter—and it is as out of date as its namesake.

NEW WAY TO BE SUDDENLY SLIM, COMFORTABLE, TOO

San Francisco—Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new, easy way science has discovered for you to become Suddenly Slim and yet completely comfortable. If you're more than 15 pounds overweight or your waistline is larger than 32 inches, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A featherstitched panel down each side of this girdle will contour your hips if they are a problem.

The girdle itself is of "wonder" Lycra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It is so comfortable, but has such slimming strength, it gives your figure everything that's possible with a foundation.

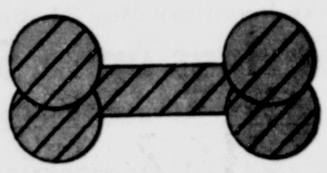

"Suddenly Slim," in both girdle and panty versions, is the peak achievement of the California designer-genius, Olga. They are available in our area at The Emporium, Foundations, all six stores, phone YU 2-1111.

CROCKER-CITIZENS

VACATION CHECK-LIST

From California's oldest national bank, here are 22 time-tested travel tips.

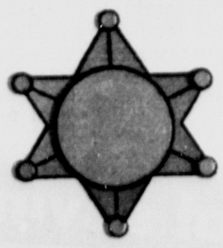

□ARRANGE FOR A KENNEL. Got a pet that's not going with you? First thing, call and arrange for a good place for him to stay. We say first thing because most kennels get filled up in a hurry.

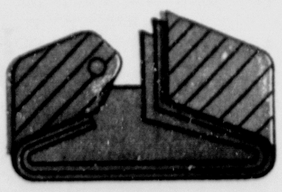

□STOP YOUR MILK DELIVERY. How'd you like to come home to about 58 quarts of milk on your front porch? Wow.

□STOP NEWSPAPER DELIVERY. A stack of newspapers by your door (or in your rose bushes) is an invitation to burglars.

□CALL YOUR LOCAL POLICE DEPARTMENT. Tell them you're going to be out of town. They'll check your house every so often.

□OPEN A CROCKER-CITIZENS CHECKING ACCOUNT. Lessens the need to carry so much losable cash. You can keep tabs on your vacation expenses the easy way with Crocker-Citizens checks. Makes life a lot easier at income tax time, too.

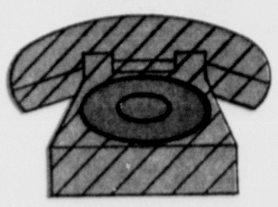

□HIRE A GUNGA DIN. Don't let all your hard work on the hibiscus go to waste. Hire the kid next door to water while you're gone. If there is no boy next door, call your local high school.

LAYAWAY PLAN

□SAVE WITH OUR LAYAWAY PLAN. Here's a new twist that lets you increase your savings while on vacation. Impossible? No. Just give us the word and we'll deduct a specified amount from your checking account and transfer it to your savings account—at regular intervals. When you come back from your vacation, chances are your savings have increased. You'll feel great—even if your nose is peeling.

□TALK TO THE PHONE COMPANY. Did you know you can get your phone put on a reduced rate while you're on vacation? You can, if away for a month or more.

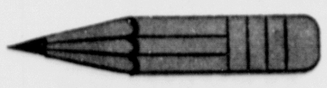

□ASK ABOUT OUR MAILWAY BANKING. Take care of any banking transaction no matter where you are. Naturally, we pay postage both ways for savings and checking deposits.

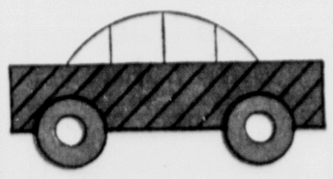

□SHUT OFF THE GAS. If you're going to be gone for any length of time this can save lots of money. And turn down the thermostats on your heater and refrigerator. And make sure no water is running or dripping.

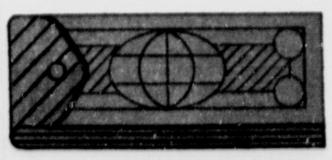

□RENT A SAFE DEPOSIT BOX. Don't take chances leaving your valuables at home. Put them in a Crocker-Citizens safe deposit box. Costs less than 2¢ a day.

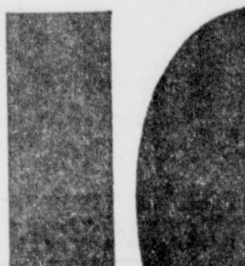

□LEAVE YOUR VACATION ADDRESS AND TELEPHONE NUMBER WITH A NEIGHBOR. You never know when something may come up that only you can handle.

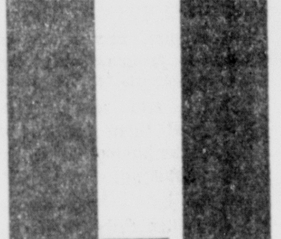

□STORE YOUR CAR. If you're not driving, don't leave it out to the elements—or pranksters.

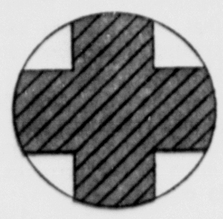

□BUY TRAVELERS CHEQUES. We don't have to tell you how great Travelers Cheques are. You already know they're the cash that only you can spend—anywhere in the world. We sell them.

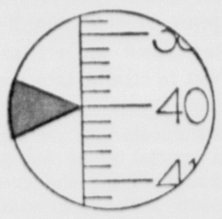

□TAKE PLENTY OF SUNTAN LOTION AND FILM. Suntan lotion so you can look great no matter where you go, and film to take pictures so you can prove to your neighbors how great you looked (before your nose started peeling).

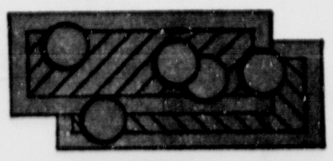

□CHECK YOUR INSURANCE. Make sure it covers luggage and contents—and doesn't lapse while you're away.

□TAKE ALONG A FIRST-AID KIT. You never know.

□DON'T OVERPACK. Nothing spoils a good vacation like bulging suitcases. Plan carefully. Take only what you need.

□EXCHANGE SOME DOLLARS FOR FOREIGN CURRENCY (If you're going abroad.) Pesos, francs, yen. We know all about them—and many others—and can help you convert your cash into the currency of the countries you're traveling to. Wonderfully handy when you've just arrived in a foreign land!

□TAKE SOMETHING TO READ. Something good. Something you like. How'd you like to spend your vacation reading nothing but the road map you used to get where you got?

□BRING GAMES. Cards are great. Word games are wonderful. And for some reason, kids love games on vacation that they've tired of at home. Take plenty.

□PACK PAPER, ENVELOPES AND STAMPS. Imagine. You're camping in the Sierra. You've just spent a relaxing morning writing a letter to your folks. You look for a stamp. But you don't have any. What could be worse?

We hope we've been able to help you the way we've been helping Californians for almost 100 years. Drop by your nearest Crocker-Citizens office and take advantage of the many ways we can help make this your most worry-free vacation. (Sorry. We can't keep your nose from peeling.)
